SEMESTER GRADE POINT AVERAGE (SGPA)

A Semester Grade Point Average (SGPA) for the semester will be calculated according to the formula:

$$SGPA = \frac{\sum[C \times G]}{\sum C}$$

Where,
C=Number of credits for the course,
G=Grade points obtained by the student in the course.
A student who earns a minimum of 4 grade points (P grade) in a course is declared to have successfully completed the course, and is deemed to have earned the credits assigned to that course.

CUMULATIVE GRADE POINT AVEARGE (CGPA)

A similar formula is used to arrive at Cumulative Grade Point Average (CGPA), considering the student's performance in all the courses taken in all the semesters up to the particular point of time.

Table 6 shows the CGPA required for the award of class after the successful completion of the program.

Table 6: CGPA required for award of class

Class	CGPA Required
First Class with Distinction	≥8.0*
First Class	≥6.5
Second Class	≥5.5
Pass Class	≥5.0

*In addition to the required CGPA of 8.0 or more, the student must have necessarily passed

EXAMINATION MALPRACTICE PREVENTION AND ACTIONS

1. Objective:
To define a structured approach for preventing, identifying, and addressing examination malpractice at The Apollo University.

2. Scope:
This SOP applies to all students, invigilators, examination squad members, Chief Superintendent, Deans, and the Controller of Examinations. It governs all assessments conducted by the university.

3. Examination Malpractice:
The following actions are considered malpractice:

a) Possession of any manuscript or printed materials inside the examination hall.
b) Marking or writing any unauthorized content in the answer scripts.
c) Inserting religious symbols or personal remarks in the answer scripts.
d) Writing on the question paper.
e) Exchanging answer scripts or question papers with other students.
f) Possession or usage of electronic gadgets such as mobile phones, smartwatches, or programmable calculators.

4. Actions and Consequences:
If a student is caught committing malpractice, the invigilator, examination squad, or Chief Superintendent must immediately report the incident to the Controller of Examinations.

4.1 First-Time Offense:
The concerned subject examination is cancelled, marked as malpractice, and will not be evaluated.

4.2 Repeated Offense:
If a student is found engaging in malpractice more than once, all subject examinations for that semester will be cancelled, and the student will be treated as a supplementary candidate.

5. Malpractice Committee Review:

a) A malpractice review committee will be formed, consisting of:
   - Chief Superintendent
   - Dean of the respective school
   - Controller of Examinations
b) The committee will conduct a meeting after the completion of all examinations to review malpractice cases.
c) The committee's decision will be final and binding.

6. Compliance and Review:

This SOP will be reviewed periodically to ensure its effectiveness in maintaining examination integrity.

Moderation Policy for Examination Results

1. Purpose

The purpose of this policy is to establish a fair and transparent process for the moderation of examination marks, ensuring consistency and adherence to academic standards while maintaining the integrity of the evaluation process.

2. Scope

This policy applies to all undergraduate and postgraduate programs offered by The Apollo University. It governs the moderation of marks for end-semester examinations

3. Moderation Policy Guidelines

3.1. Moderation Limits

a) The maximum moderation allowed **per student** across all subjects is **8 marks.**
b) The minimum moderation allowed **per subject** is **4 marks.**
c) Moderation is applicable only for **theory subjects.** Practical subjects, projects, and other non-theory components are excluded from this policy.
d) The moderation board has the authority to decide the exact moderation marks within these limits, adhering strictly to the University policy.

3.2. Eligibility for Moderation

a) Moderation will be applied only to students who have scored **below the passing marks** but are within a reasonable range of achieving the minimum required score.
b) The exam section will identify such students before the publication of results and present the cases to the moderation board for review.

3.3. Moderation Board Composition

The moderation board shall consist of the following members:

1. **Controller of Examinations** (Member)
2. **Deans** (Chairperson)
3. **Program Coordinators** of the respective schools (Members)
4. **Chief Superintendent of Examinations** -Member

4. Moderation Process

4.1. Identification of Candidates

i. The O/o Directorate of Evaluations will identify students eligible for moderation based on their performance in the examinations.

REGISTRAR
The Apollo University

REVALUATION PROCESS

1. Objective:
To establish a clear and transparent process for the revaluation of theory examination answer scripts.

2. Scope:

This SOP applies to all students, faculty members, and the Directorate of Evaluations involved in the revaluation process.

3. Revaluation Process:

a) After the declaration of results, students may apply for revaluation within one week.
b) A fee of Rs. 500 per subject must be paid at the time of application.
c) Revaluation is applicable only for theory subjects; it is not permitted for lab courses or audit courses.

4. Faculty Allocation:

The respective Deans are responsible for allocating faculty members for the revaluation process as per the University Regulations. Revaluation shall be performed by an external subject expert other than the evaluator who conducted the first evaluation.

5. Evaluation Criteria:

a) If a student applies for revaluation, the second evaluation will be conducted.
b) If the difference between the original marks and the second evaluation marks is not more than 15, the second evaluation marks are final.
c) If the difference exceeds 15, the answer script is referred for a third evaluation.
d) The third evaluation marks are final.

6. Compliance and Review:

The revaluation process will be reviewed periodically to ensure fairness and accuracy.

The Apollo University (TAU) is committed to promoting the internationalization of higher education and providing a transparent, merit-based and student-friendly admission process for international students.

This Policy governs the admission, registration, academic progression, immigration compliance and related support services for international students seeking admission to undergraduate, postgraduate, doctoral and other approved academic programmes of The Apollo University.

The Policy shall be implemented in accordance with:

- Applicable University Grants Commission (UGC) regulations and guidelines
- Government of India and Ministry of Education directives
- Study in India (SII) Programme and SII Portal requirements
- Applicable immigration and visa laws and regulations
- Applicable statutory/professional regulatory requirements
- The Apollo University Act, Statutes, Ordinances, Regulations and admission policies, as amended from time to time.

Wherever there is a change in applicable law, regulation or Government directive, the latest applicable provision shall prevail.

2. International Affairs and Compliance Mechanism

The **Directorate of International Affairs (DIA)** shall be the nodal administrative unit of the University for international student admissions and support.

The Directorate shall:

1. Provide information and guidance to international applicants
2. Coordinate applications received through the **Study in India Portal** and other authorized channels
3. Verify academic and identity documents
4. Coordinate eligibility/equivalence requirements
5. Facilitate the admission and offer-letter process

stated that a foreign student shall not be granted a student visa without registration on the SII Portal.

Accordingly:

1. The applicant shall register on the Study in India Portal
2. The applicant shall obtain the required **SII ID**
3. The applicant shall apply for the desired programme/institution through the prescribed SII process
4. The University shall process the application in accordance with SII requirements
5. The applicant shall comply with all documentation, eligibility and admission requirements.
6. The SII ID shall be used for subsequent visa and immigration-related processes wherever applicable.

The SII Portal provides the integrated process covering registration, programme selection, application, offer letter, visa and e-FRRO/FRRO processes.

5. Eligibility for Admission

- International students shall satisfy the **same academic eligibility standards prescribed for the relevant programme**, subject to applicable UGC, statutory and professional regulatory requirements.
- The eligibility criteria published by The Apollo University for the relevant programme shall apply.
- International applicants shall possess qualifications equivalent to the minimum entry qualification prescribed for the programme.
- The University shall determine recognition/equivalence of foreign qualifications in accordance with the **UGC (Recognition and Grant of Equivalence to Qualifications obtained from Foreign Educational Institutions) Regulations, 2025**, and/or through the competent authority or mechanism prescribed by UGC from time to time.
- The Study in India Portal also provides that specific eligibility criteria may vary by institution, programme and discipline and that students must satisfy the entry requirements prescribed by the individual institution.

5.1 Undergraduate Programmes

Applicants shall have successfully completed the equivalent of the Indian 10+2/Intermediate qualification from a recognized institution and shall satisfy the subject and minimum-mark requirements prescribed for the particular programme.

5.2 Postgraduate Programmes

Applicants shall possess a recognized bachelor's degree or equivalent qualification in the discipline prescribed for the programme and shall satisfy the minimum academic requirements specified by the University.

5.3 Doctoral Programmes

Applicants shall possess a recognized postgraduate degree or equivalent qualification satisfying the University's Ph.D. Regulations and applicable UGC requirements.

Admission to Ph.D. programmes shall be governed by the University's prevailing Ph.D. Regulations, including provisions relating to entrance examination, interview, exemption and other applicable requirements.

6. Equivalence of Foreign Qualifications

Applicants holding qualifications awarded outside India shall provide appropriate documentary evidence regarding the recognition/equivalence of their qualifications as required.

Where equivalence is required, the University shall follow the procedure prescribed by UGC or another authority recognized/authorized for determining such equivalence. The University may require:

- Academic transcripts
- Certificates/diplomas
- Grading scale
- Course details
- Accreditation/recognition information
- Official translations where documents are not in English
- Equivalence/recognition documentation prescribed by the competent authority.

The UGC's 2025 Regulations provide the current framework for recognition and grant of equivalence to qualifications obtained from foreign educational institutions.

13. Documents relating to OCI/PIO/NRI status, where applicable;
14. Any additional documents prescribed for the specific programme or by a statutory/regulatory authority.

Documents not issued in English shall be accompanied by an authenticated English translation wherever required.

10. Admission Procedure

The admission process shall ordinarily follow the sequence below:

Step 1 – SII Registration

The applicant shall register on the Study in India Portal and obtain the required SII ID.

Step 2 – Programme Selection and Application

The applicant shall select the desired programme(s) and institution(s) and submit the application with the required documents.

Step 3 – Eligibility and Document Verification

The University shall verify the applicant's eligibility, academic documents, identity and other required records.

Step 4 – Equivalence Verification

Where required, equivalence/recognition of foreign qualifications shall be obtained in accordance with applicable UGC provisions.

Step 5 – Admission Decision

Subject to satisfying all applicable requirements, the competent authority of the University shall issue the appropriate admission/offer letter through the prescribed process.

Step 6 – Visa

The admitted student shall apply for the appropriate Indian visa through the competent Government of India channel, using the admission/offer documentation and SII ID as applicable.

Study in India provides the process for students to use their SII ID and offer letter for the visa process.

Step 7 – Arrival and Reporting

The student shall report to The Apollo University within the prescribed period and complete physical/online reporting and admission formalities.

Step 8 – Final Admission

Final admission shall be confirmed after:

REGISTRAR

7. Age Requirement

The minimum age and other age-related requirements prescribed for the relevant programme by The Apollo University shall apply to international applicants.

Where a programme is governed by a statutory/professional regulatory authority prescribing a specific age requirement, the applicable regulatory requirement shall prevail.

No separate age relaxation shall be presumed solely based on foreign nationality unless specifically provided under applicable rules.

8. English Language Proficiency

Where English is not the medium of instruction of the qualifying programme, the University may require evidence of English-language proficiency. Depending upon the programme and applicable requirements, the University may accept recognized English-language qualifications or conduct an appropriate assessment.

The requirement may be waived where the applicant has completed the qualifying programme through English-medium instruction and provides acceptable documentary evidence.

9. Documents Required

Applicants shall submit documents prescribed by the University and Study in India Portal, which may include:

1. Valid passport
2. Recent passport-size photograph
3. SII ID
4. Academic certificates and mark sheets/transcripts
5. Proof of date of birth
6. Proof of nationality
7. Equivalence/recognition certificate, wherever required
8. Transfer/leaving certificate, wherever applicable
9. Migration certificate, wherever applicable
10. English-language proficiency evidence, wherever applicable
11. Medical/fitness certificate, where prescribed
12. Documents relating to sponsorship/financial support, where required

13. Admission Capacity

- International student admissions shall be made within the permissible capacity prescribed by UGC, Government of India and other applicable statutory/regulatory authorities.
- Where international students are admitted against **supernumerary seats**, such admissions shall comply with the applicable UGC guidelines and prevailing Government regulations.
- The University's academic and regulatory requirements shall continue to apply irrespective of the nationality of the student.

14. Programme Change / Transfer

Requests for change of programme, institution or academic status by international students shall be considered only where such change is permitted under:

- UGC regulations/guidelines
- Study in India requirements
- Applicable immigration/visa regulations
- Statutory/professional regulatory requirements and
- The Apollo University's academic regulations.

No programme or institutional transfer shall be treated as automatically permissible. Prior approval of the competent authorities shall be mandatory wherever required.

15. Fees and Financial Requirements

- International students shall pay the applicable tuition, examination, hostel and other University fees prescribed for the relevant programme/category.
- Fees may be revised by the University from time to time in accordance with applicable approvals and regulations.
- Where required by the Government of India or Study in India authorities, students shall provide evidence of adequate financial support for their study and stay in India.

16. Medical Fitness and Health Requirements

International students shall comply with medical and health requirements prescribed by the University, Government of India or applicable statutory authorities.

The University may require a medical fitness certificate or health screening at the time of admission or subsequently where necessary.

- Completion of any programme-specific requirements

11. Visa and Immigration Compliance

- International students shall obtain and maintain the visa/status appropriate to their programme and comply with all applicable immigration requirements.
- For regular full-time academic programmes, students shall hold the appropriate student visa as prescribed by the Government of India.
- For research/doctoral programmes, the visa category applicable to the student's programme and research activity shall be determined in accordance with prevailing Government of India requirements.
- The University shall not admit or permit continuation of study where the student's immigration status does not permit the relevant academic activity.
- The Study in India Portal states that student visas are applicable to regular full-time UG, PG, Ph.D. and other formal programmes at recognized Indian institutions.

12. FRRO/FRO / Immigration Registration

International students shall comply with all applicable registration and reporting requirements prescribed by the Government of India.

Where registration is required, the student shall complete the applicable **e-FRRO/FRRO/FRO** process within the prescribed period.

The Study in India Portal currently specifies registration with the concerned FRRO/FRRP within **14 days of arrival** for students falling under the applicable registration requirement.

The University shall provide reasonable administrative assistance to international students in completing applicable immigration formalities.

Degrees, diplomas and certificates shall be awarded in accordance with the University's approved academic regulations and applicable UGC/statutory requirements.

20. Maintenance of Records and Reporting

The University shall maintain appropriate records of international students, including:

- SII ID
- Passport and identity details
- Admission and enrolment records
- Academic qualifications
- Visa/immigration details
- Registration details
- Programme and academic status
- Completion/withdrawal records.

The University shall furnish information to UGC, Study in India, Government of India, immigration authorities and other competent authorities whenever required.

UGC has also directed HEIs to comply with applicable requirements for reporting information relating to incoming foreign students under the current immigration framework.

21. Grievance Redressal

International students shall have access to the University's established grievance redressal mechanisms.

The Directorate of International Affairs shall provide assistance in directing international students to the appropriate University authority for resolution of academic, administrative, accommodation or other grievances.

No international student shall be discriminated against on the basis of nationality, race, language, gender, disability or other protected status, subject to applicable law and University policy.

22. Withdrawal, Cancellation and Refund

24. Compliance with Changes in Law and Regulations

This Policy shall be reviewed periodically and whenever there is an amendment to:

- UGC regulations/guidelines
- Study in India requirements
- immigration and visa regulations
- Government of India instructions
- professional/statutory regulatory requirements or
- The Apollo University Act, Statutes, Ordinances or Regulations.

In the event of any inconsistency between this Policy and a subsequent statutory/regulatory requirement, the **latest applicable law, regulation or Government directive shall prevail**, and the Policy shall be suitably amended.

25. Authority for Interpretation

The **Vice Chancellor**, or an authority specifically authorized by the Vice Chancellor, shall have the power to interpret this Policy in consultation with the Directorate of International Affairs and other competent University authorities.

Such interpretation shall always remain subject to applicable UGC, Government of India, Study in India, immigration and statutory/regulatory provisions.

Fee Structure of the Hostel and Mess

THE APOLLO UNIVERSITY

HOSTEL ACCOMMODATION AND FEE TARIFF POLICY

1.Purpose

The purpose of this Policy is to establish a **transparent, uniform and clearly defined framework** for hostel accommodation and associated charges at **The Apollo University (TAU)**.

The Policy specifies the available hostel categories, room occupancy options, applicable hostel and mess charges, deposits, electricity charges, optional services, and general conditions governing hostel accommodation.

2.Scope

This Policy shall apply to all students who are allotted hostel accommodation at The Apollo University and shall cover:

- **Hostel accommodation charges**
- **Mess/food charges**
- Room occupancy and sharing arrangements
- Hostel deposit
- Electricity charges for AC accommodation
- Optional laundry services
- Other approved hostel-related charges

REGISTRAR
The Apollo University

4.What the Hostel Fee Includes

Unless otherwise specified, the hostel tariff includes:

1. Hostel accommodation for the approved academic period.
2. Mess/food charges as applicable under the University hostel arrangement.
3. Basic hostel services and common facilities as provided by the respective hostel.
4. Common-area maintenance and services ordinarily provided by the hostel.

Electricity charges for AC accommodation and optional laundry charges are not included in the above tariff unless specifically stated.

5.Hostel Deposit G Other Charges

The following charges shall be applicable in addition to the hostel tariff:

Particulars	Amount
Hostel Deposit	₹4,000
Electricity Deposit – AC Accommodation	₹6,000
Laundry Charges – Optional	₹8,000

5.1 Hostel Deposit

A refundable hostel deposit of **₹4,000** shall be collected at the time of hostel admission/allotment. The deposit shall be refunded after completion/termination of hostel accommodation, subject to adjustment of:

- Damage to University property;
- Loss of hostel assets;
- Outstanding dues; or
- Any other authorised recoverable charges.

6.Electricity Charges for AC Rooms

For students occupying **AC rooms**, electricity consumption shall be charged **based on actual consumption**.

Applicable rate: ₹11/- per unit (kWh).

The electricity deposit of **₹6,000** shall be collected as an advance/security amount and shall be adjusted against applicable electricity dues, as per University procedure.

REGISTRAR
The Apollo University
Murukambattu,Chittoor-517127 A.P

The University may revise the electricity rate where there is a change in the applicable electricity tariff or related operational cost, subject to University approval.

7.Laundry Services

Laundry service is an **optional facility**.

Students opting for the laundry service shall pay:

₹8,000 per academic year, in addition to the applicable hostel fee.

Students who do not opt for the laundry service shall not be charged the laundry fee.

8.Hostel Allotment

1. Hostel accommodation shall be allotted subject to **availability of rooms and University rules**.
2. Students may indicate their preferred hostel/room category; however, allotment shall be made by the University based on availability and applicable eligibility.
3. The University reserves the right to allocate or change hostel accommodation where required for administrative, academic, safety or operational reasons.
4. Room occupancy shall be strictly according to the approved sharing category.
5. Students shall not exchange rooms or occupants without prior approval of the Hostel Administration.

G. Fee Payment

1. Hostel fees shall be paid within the schedule prescribed by the University.
2. Hostel allotment shall be confirmed only after payment of the applicable fees and completion of required formalities.
3. Outstanding hostel dues may result in withdrawal/suspension of hostel accommodation, subject to University regulations.
4. The University may prescribe instalment/payment schedules where applicable.

REGISTRAR
The Apollo University
Murukambattu.Chittoor.

10.Refund G Cancellation

Hostel fee refund, cancellation and withdrawal shall be governed by the **University's approved Fee Refund and Withdrawal Policy** applicable for the respective academic year.

Any refund shall be subject to:

- Date of cancellation/withdrawal;
- Actual period of hostel occupancy;
- University-approved refund rules;
- Outstanding dues or recoveries; and
- Applicable statutory/regulatory requirements.

Hostel deposit shall be treated separately from the hostel fee and shall be refundable subject to the conditions specified in this Policy.

11.Mess/Food Services

Since the published hostel tariff includes mess charges:

1. Mess services shall be provided as per the University's approved hostel/mess arrangements.
2. The mess menu and service arrangements may be revised periodically based on nutritional requirements, student feedback and operational considerations.
3. Mess charges included in the hostel tariff shall not ordinarily be separately refundable for individual meal non-utilisation, unless specifically provided under University rules.

12.Hostel Rules G Student Responsibilities

All hostel residents shall comply with the University's:

- Hostel Rules C Regulations
- Code of Conduct
- Anti-Ragging Policy
- Discipline Regulations
- Safety and Security Guidelines
- Fire and Emergency Safety Procedures
- Visitor and Guest Regulations
- Property/Damage Recovery Rules

REGISTRAR

ANNEXURE – XII

Merit Scholarship

Students shall be responsible for maintaining cleanliness, discipline and University property within the hostel premises.

13. Revision of Hostel Tariff

The hostel tariff is applicable for **Academic Year 2026–27**.

The University reserves the right to revise hostel fees, mess charges, electricity rates or other approved charges for subsequent academic years, subject to approval by the competent authority and applicable University/regulatory requirements.

Any revised tariff shall be **notified in advance and published through the University's official communication channels**.

14. Transparency G Public Disclosure

The University shall make the approved hostel tariff available through the official website and admission/hostel information documents.

The published tariff shall clearly identify:

- Room type;
- Occupancy;
- AC/Non-AC status;
- Hostel/block;
- Hostel fee;
- Mess inclusion;
- Deposits;
- Electricity charges;
- Optional services;
- Applicable refund/cancellation provisions.

This is particularly important for ensuring **transparency in student fee disclosure and UGC/public information requirements**.

15. Interpretation G Authority

Any matter relating to hostel accommodation or charges not specifically covered under this Policy shall be decided by the **competent authority of The Apollo University** in accordance with the University's statutes, regulations, policies and applicable rules.

3. To ratify the minor changes in organization structure of SoHS

The members ratified the minor changes in organization structure of School of Health Sciences implemented by the Vice Chancellor as recommended by the BoM.

4. To ratify the recruitments of new faculty

The members ratified the recruitments of new faculty done by the Vice Chancellor as recommended by the BoM

5. 1st Convocation of the University

The members noted the details of 1st convocation proposed in the first week of September. The Vice Chancellor invited all the members to attend the convocation. The Chairman agreed to conduct the next GB meeting in Chittoor along with convocation. It was resolved to not confer honorary Doctorates as the number of graduates receiving the degrees is very small.

6. To appraise the status of infrastructure

The members noted the status of both boys' and girls' hostels and expressed satisfaction. They have also noted the progress of academic block and are happy to note that G+5 floors will be handed over by the end of September 2025.

Dr Raghuram informed that he visited the campus recently and was happy with the infrastructural facilities.

7. To appraise the status of admissions

Dr Kondal Reddy appreciated the University for the good performance in admissions 2024-25. He opined that the University should market for the admissions to convenor quota also as these seats in some of the programs were not filled last year. Dr Raghuram also appreciated the Vice - Chancellor in the context of offering variety of programs and undertaking good amount of research. He complimented the University as almost all the programs are related to the application of the health and wellbeing. He suggested to bring health application into the BTech Cyber Security program also.

The Vice Chancellor invited the suggestions from the members in respect of UGC's recent circular on permitting the Universities to admit students in two cycles. He further opined that it can be implemented to resolve the issue of the delay in admissions due to Convenor Quota. He proposed to admit the University quota in first cycle and convenor quota in second cycle. Dr Kondal Reddy felt that this may help some of the students whose +2 results are declared in different times by the respective boards. He said we need to plan the two cycle admissions such that the operating cost should not be doubled.

8. To appraise Collaboration with University of Leicester

The members noted the progress and appreciated the efforts put in by the Vice Chancellor in initiating the new programs and especially the Center for the Precision Medicine and Digital Health. While noting the reintroduction of BBA in the context of offer of UoL 2+1 BBA Management program, Prof Raghu Ram suggested to introduce electives on health care in BBA in line with the Vision of the University.

Mr Sivaramakrishnan said that the vision document for the proposed centre is ready and the recruitment of the Joint Director is in progress. It is proposed to bring Monash and Stanford universities also as associated members. Dr Kondal Reddy suggested that we should leverage on medical devices supply companies to foster greater research.

In this context Dr Ravi Mahajan informed the members that the Apollo Research Academy is working on medical devices and drug related research. He said that the validation studies are in progress and co incubation with some of the companies is being worked out. The ARA is working to bring the entire research conducted by the fraternity of the Apollo group under this umbrella. The research policy document is prepared by ARA.

Vice Chancellor further informed the members that the proposal of establishment of Bio-NEST Bio Incubation Center submitted to BIRAC by the University for financial assistance of Rs 856 lakhs got selected for second and final review scheduled on 9th July 2024. He said he will be defending the proposal. Mr Mishra wanted Vice Chancellor to keep communicating with him in this regard. He further added that the faculty could able to apply for 21 sponsored research projects for various funding agencies as the University is recognised under section 2f by UGC. He also said that a training program on academic leadership is conducted in the University campus by Dr Ravi Mahajan and Dr Jugnu.

The Chairman appreciated the progress in the research front and suggested to conduct clinical trials in the University at Chittoor.

The Chairman appreciated the progress of the center.

13.5 Approval of appointment of Dr. Alfred J. Augustine as the Pro Vice Chancellor of TAU w.e.f. 1st July 2026 onwards

Discussions:

- The Governing Body members were briefed that, in view of the continued expansion of academic programs, increasing student enrolments, strengthening of research initiatives, regulatory compliance requirements, and the growing need for effective academic and administrative coordination across various Schools and Departments of the University, it had become essential to strengthen the senior leadership structure of TAU.
- As per Chapter III, Section 19(1) of the Andhra Pradesh Private Universities (Establishment and Regulation) Act, 2016, which states that "*The University may appoint such other officers as may be necessary for its functioning,*" the appointment of a Pro Vice Chancellor was proposed to support the Vice Chancellor in the areas of academic planning, institutional development, policy implementation, faculty development, accreditation activities, interdisciplinary collaborations, and monitoring of quality assurance initiatives.
- Accordingly, Dr. Alfred J. Augustine, presently serving as Dean of Apollo Institute of Medical Sciences & Research (AIMSR), Chittoor, was proposed for appointment as the Pro Vice Chancellor of TAU w.e.f. 1st July 2026 onwards.
- During the deliberations, Dr. Kondal Reddy suggested that, instead of the designation "Pro Vice Chancellor," the nomenclature may be revised to "Pro Vice Chancellor (Academics)," as the role would comprehensively cover both teaching and research functions of the University.
- The members deliberated on the suggestion and unanimously agreed that the revised nomenclature would more appropriately reflect the scope and responsibilities of the position. Accordingly, it was agreed that the designation shall be implemented as "Pro Vice Chancellor (Academics)."
- A brief profile of Dr. Alfred J. Augustine, highlighting his academic background, professional experience, administrative leadership, and contributions to medical education, was shared with the members during the meeting for their information and consideration.
- The matter was placed before the Governing Body for discussion and approval.

Resolution:

- Resolved that the Governing Body accorded its approval for the appointment of **Dr. Alfred J. Augustine as the Pro Vice Chancellor (Academics)** of The Apollo University with effect from 1st July 2026.

13.6 Approval of appointment of Mr. Anil Kumar S as the Registrar of TAU w.e.f. 1st June 2026 onwards.

Discussions:

- The Vice Chancellor Dr. Bhat apprised the members that, as per the Statutes of The Apollo University, Chapter 2, Section 2.3, Subsection 2.1, "*The Registrar shall hold office for a term of three (3) years from the date of his/her appointment and is eligible for re-appointment for another term of three (3) years or till he/she completes 62 years of age, whichever is earlier.*" The present Registrar, Dr. M. Potharaju, attained the age of 62 years in April 2025, thereby necessitating the appointment of a new Registrar for the University.
- Further, as per Chapter 2, Section 2.3, Subsection 1.1 of the Statutes of the University, "*The Registrar shall be appointed by the Chancellor of the University on such terms and conditions as are prescribed by the Act and Statute, and from out of a panel of three (3) names recommended for the purpose by the Vice-Chancellor of the University.*"
- Based on the recommendations of the Vice Chancellor, Mr. Anil Kumar S has been selected and shall be appointed as the Registrar of TAU with effect from 1st June 2026.
- However, Mr. Anil Kumar joined the University on 9th March 2026 as Additional Registrar and has been working closely with the present Registrar, Dr. M. Potharaju, during the transition period to ensure smooth administrative continuity.
- A brief profile of Mr. Anil Kumar S, highlighting his academic qualifications, administrative experience, professional achievements, and contributions to higher education administration, was presented to the members during the meeting for their information and consideration.
- The matter was placed before the Governing Body for consideration and approval.

Resolution:

- Resolved that the Governing Body accorded its approval for the appointment of **Mr. Anil Kumar S as the Registrar** of The Apollo University with effect from 1st June 2026.

13.7 Review and approval of the Annual Operating Plan (AOP) for the Financial Year 2026 - 2027.

Discussions:

- The Governing Body members were informed that the Annual Operating Plan (AOP) for the Financial Year 2026–2027 was prepared in alignment with the strategic goals, academic expansion plans, research priorities, infrastructure development initiatives, student support services, and administrative requirements of The Apollo University.
- The proposed plan was formulated after detailed consultations with the respective Schools, Departments, and functional heads to ensure effective utilization of resources and alignment with the University's long-term vision and regulatory requirements.
- The CFAO, Mr. Amit Tripathy, presented an overall summary of the Annual Operating Plan (AOP) of The Apollo University for the financial year 2026–27, covering the key financial projections, budget allocations, revenue estimates, planned capital and operational expenditures, strategic priorities, and growth initiatives of the University.
- The matter was placed before the Governing Body for review, discussion, and approval.

Resolution:

- Resolved that the Governing Body hereby accords its approval to the Annual Operating Plan (AOP) of The Apollo University for the Financial Year 2026–2027, as presented before the meeting.

13.8 Any other matter with the permission of the Chairman.

Closure of School of Social Sciences at The Apollo University

13.8.1 The Vice Chancellor, Dr. H. Vinod Bhat, proposed the closure of the School of Social Sciences at The Apollo University and informed the members that the University, while formulating its academic growth strategy, had envisaged the establishment of multiple Schools across diverse disciplines in alignment with its long-term vision of multidisciplinary education.

13.8.2 In this context, the School of Social Sciences was constituted as part of the approved academic framework of the University.

13.8.3 The members of the Governing Body were informed that the School of Social Sciences has not commenced academic operations since its establishment and no student admissions have been made under the school till date.

13.8.4 Considering the absence of academic activity and admissions, the Vice Chancellor proposed that the School of Social Sciences may be formally closed and discontinued from the academic structure of the University.

REGISTRAR

13.7 Ratification of the new programs to be offered from the AY 2026 – 27

Discussions:

- The members were informed that with a view to strengthening the academic portfolio of the University and addressing emerging needs in higher education and healthcare sectors, several new academic programmes are being proposed from the Academic Year 2026–27.
- The introduction of these programmes (as mentioned below) is expected to promote academic diversity, foster interdisciplinary learning, and enhance employability opportunities for students.

Program	Course Duration			University Quota	Convenor Quota	Intake Capacity
	Theory	Internship	Total			
B.Sc. Critical Care Technology	3 Years	1 Year	4 Years	30	30	60
M.Sc. Medical Laboratory Technology	2 Year	--	2 Years	13	7	20
Master of Dialysis Therapy	2 Year	--	2 Years	13	7	20
Pharm.D.	5 Years	1 Year	6 Years	19	11	30
BBA Business and management	3 Years	--	3 Years	26	14	40

- Further, in view of the increased demand for the MBA Hospital and Healthcare Management programme, the intake capacity was proposed to be enhanced from 80 to 120 seats.
- The Vice Chancellor observed that merely increasing student intake would not be sufficient and emphasized the need to ensure adequate internship and placement opportunities for students.
- He suggested that the Dean – School of Management coordinate with the Unit Head to explore such opportunities within the Apollo Group.
- Dr. Muralidharan informed the members that AHEL offers numerous opportunities that could be leveraged not only for internships and placements but also for inviting experienced professionals to deliver guest lectures.
- Further, the members were informed that the intake capacity of the B.Pharm. programme is increased from 60 to 100 seats. The inspection by the Pharmacy Council of India (PCI) for the enhanced intake has already been completed and the approval was received on 24th June 2026.
- The members were requested to deliberate and ratify the new programs with intake and enhanced intake for the existing programs to be offered from the AY 2026 – 27.

No changes in IV Semester,were proposed to the curriculum or syllabus of the Semester IV courses. The existing course structure and syllabus were reviewed and recommended to continue without any modifications.

The external experts appreciated the department for aligning the curriculum with current professional trends and observed that these revisions would substantially enhance students' academic knowledge, clinical competence, research skills, and professional preparedness.

Resolution

After detailed deliberations, the Board unanimously approved all the proposed minor revisions to the **M.Sc. Clinical Psychology Curriculum and Syllabus** with effect from the **Academic Year 2026–2027**, subject to approval by the Academic Council.

Note: Both the external experts and internal members unanimously approved the revised curriculum and syllabus. The members observed that the revised curriculum adequately reflects contemporary developments in Clinical Psychology, integrates emerging technologies, strengthens research competencies, and enhances clinical training in accordance with professional standards.

Agenda Item – 2

Approval of the Eligibility Criteria for Admission to the Fourth Year of the B.Sc. Clinical Psychology (Honours) Programme and B.Sc. Health Psychology (Honours) Programme

Dr. V. Subramanyam presented the second agenda item regarding the eligibility criteria for students seeking admission to the fourth year of the B.Sc. Clinical Psychology (Honours) programme and and B.Sc. Health Psychology (Honours) Programme.

The proposal was placed before the Board to clarify the progression requirements in accordance with the provisions of the National Education Policy (NEP-2020), the University Regulations, and the academic framework prescribed by the Rehabilitation Council of India (RCI).

The members deliberated extensively on the structure of the four-year undergraduate programme and discussed the distinction between progression to the regular Honours programme and eligibility for the Research Track. During the discussion, the Board observed that the fourth year forms an

REGISTRAR
The Apollo University
Murukambattu,Chittoor-517127,A.P.

integral component of the RCI-aligned undergraduate curriculum and should remain accessible to all students who have successfully completed the prescribed academic requirements of the first three years.

The external experts further noted that the existing RCI curriculum does not prescribe any separate minimum CGPA requirement for progression from the third year to the fourth year of the regular B.Sc. Clinical Psychology (Honours) programme. Accordingly, imposing an additional academic threshold for admission to the fourth year would not be consistent with the current regulatory framework.

The members noted that the provision of a minimum CGPA of 7.5 for admission to the fourth-year Honours programme is applicable to programmes other than RCI-recognized courses, subject to the University's academic regulations.

After considering the regulatory guidelines, academic standards, and the recommendations of the external experts, the Board unanimously resolved the following:

1. No separate minimum CGPA requirement shall be prescribed for admission to the fourth year of the regular B.Sc. Clinical Psychology (Honours) programme, as no such requirement exists under the present RCI regulations.
2. A minimum CGPA of **7.50 (or its equivalent grade)** at the end of the sixth semester shall be applicable only to students who wish to enrol in the **Research Track**, in accordance with the provisions of the National Education Policy (NEP-2020) and the Academic Regulations of The Apollo University.

The external experts appreciated the University's approach in maintaining compliance with statutory regulations while simultaneously encouraging academically outstanding students to pursue research-oriented learning opportunities.

Resolution

After detailed deliberations, the Board unanimously approved the above eligibility criteria for admission to the fourth year of the B.Sc. Clinical Psychology (Honours) programme with effect from the Academic Year 2026–2027, subject to approval by the Academic Council.

Note: Both the external experts and internal members unanimously approved the proposal. The Board observed that the revised eligibility criteria are fully aligned with the Rehabilitation Council of India (RCI) guidelines, the National Education Policy (NEP-2020), and the academic regulations of The Apollo University, thereby ensuring fairness, transparency, and academic excellence in student progression.

Agenda Item – 3

Any Other Matter with the Permission of the Chair

The Chairperson invited the members to raise any additional academic matters for discussion.

REGISTRAR
The Apollo University
Murukambattu,Chittoor-517127,A.P.

The external experts appreciated the Department of Clinical Psychology for its commitment to continuous curriculum review and for adopting a systematic approach towards strengthening academic quality. The Board acknowledged that the curriculum revisions introduced during the meeting adequately address emerging developments in psychological science, technological advancements, research methodology, and contemporary clinical practice.

The members emphasized that periodic curriculum revision is essential to ensure that graduates remain professionally competent and are adequately prepared to meet the evolving mental health needs of society. They further encouraged the Department to continue incorporating interdisciplinary perspectives, evidence-based practices, digital mental health applications, and outcome-based learning strategies in future curriculum revisions.

The Chairperson also appreciated the faculty members for their sincere efforts in aligning the curriculum with national regulatory requirements and international academic standards.

Since no further agenda items were proposed, the Chairperson declared the agenda completed.

Feedback from Student Representatives

The student representatives expressed their appreciation to the Board for providing an opportunity to participate in the academic discussions. They welcomed the proposed curriculum revisions and observed that the inclusion of recent developments in Clinical Psychology, Artificial Intelligence, digital mental health, research methodology, and evidence-based clinical practice would significantly enhance their academic learning and future career prospects.

C. Suggestions and discussion

Following were the observations and suggestions made by the external expert and other attendees.

1. **Professor Mathew** proposed shifting the *Research Methodology* course from the fifth semester to the fourth semester to align with the University of Leicester's (UoL) curriculum, where students undertake this course in their second year. Accordingly, he recommended the removal of the *Management Theory and Debate* course, as it has also been discontinued in the UoL syllabus.

2. **Dr. Praneeth** raised a pertinent question regarding the possibility of integrating key concepts from the *Management Theory and Debate* course into other existing subjects. In response, **Dr. Ramaiah** suggested exploring the feasibility of incorporating these concepts into the *Management Principles and Practices* course currently offered in the first semester.

3. **Prof. Venkataramanaiah** recommended the inclusion of *Design Thinking* and *Climate Resilience* courses to better reflect emerging trends and contemporary needs in management education. Additionally, he proposed organizing a one-week *Faculty Development Program (FDP)* to help faculty enhance their teaching methodologies and stay updated with evolving pedagogical practices.

The meeting ended with vote of thanks by Dean, SoM.

The meeting commenced at **5:15 PM** with the Chairperson welcoming all the members and thanking the external experts for their valuable presence. The Programme Coordinator presented the proposed **MBA Hospital and Healthcare Management Curriculum (2026–2028 Batch)**, highlighting the programme structure, semester-wise course distribution, internship components, electives, and skill-development activities.

Suggestions and discussion

Prof. S. Venkataramanaiah

- Suggested to verify the allocation of **24 internship credits out of the total 102 programme credits** with the latest AICTE/UGC or other applicable regulatory guidelines.
- Recommended revising the nomenclature of **"Self-Learning"** with **"Library-Based Learning"** in the curriculum. It was observed that the revised terminology would better reflect self-learning through the use of library resources, scholarly literature, digital databases, research journals, and evidence-based academic references, thereby strengthening the research orientation of the programme.
- Advised revising the nomenclature of MBAHHMT6403 **"Accounting for Management" to "Management Accounting".** The expert noted that the revised title is more appropriate, aligns with standard management education terminology, and better reflects the course content and learning outcomes.
- Proposed revising the nomenclature of MBAHHMT7508 **"Digital Transformation for Health care" to Digital Transformation in Healthcare"**. The expert suggested that the revised title is more grammatically appropriate, aligns with standard academic and industry terminology, and better reflects the scope of digital transformation initiatives across the healthcare sector.
- Suggested to revise the nomenclature of Programme Elective **"Healthcare Accreditation and Quality Improvement Tools" to "Accreditation and Lean Management in Healthcare".** The expert suggested that the revised title would better reflect current healthcare management practices and industry expectations.

REGISTRAR
The Apollo University
Murukambattu,Chittoor-517127,A.P.

- Advised to expand the composition of the Board of Studies by **including two additional members—one distinguished alumnus of the programme and one healthcare entrepreneur.** The expert observed that the inclusion of an alumni representative would provide valuable feedback on curriculum relevance from the perspective of graduates, while a healthcare entrepreneur would contribute industry insights, innovation, and emerging trends, thereby strengthening the academic–industry interface and enhancing the quality of curriculum development.

Dr. P. Vinod

- Recommended revising the nomenclature of the Semester I course, MBAHHMT6404 **"Hospital Planning and Design"** to **"Hospital Planning and Commissioning"**. The expert opined that the revised title would better encompass the complete lifecycle of healthcare facility development, including planning, design coordination, commissioning, operational readiness, and transition to service delivery, thereby making the course more aligned with contemporary hospital planning practices and industry requirements.

- It was advised to organize **Hospital visit to a corporate hospital every month** as part of the MBA Hospital and Healthcare Management programme. The expert observed that regular hospital visits would provide students with practical exposure to healthcare operations, enable them to relate theoretical concepts with real-world practices, and enhance their understanding of hospital administration, quality systems, patient care processes, and emerging healthcare technologies

The course structure below depicts the changes made suggested by external BOS members.

The BoS committee reviewed the MPH and PG Diploma in Biostatistics programs for the academic year 2025-26 with the members listed in the reference provided by the TAU/CAO/R/AA/BoS/20/2023 office on 31/01/2023.

Introduction and Welcome

- The meeting was formally convened by the Chairperson, Dr. K. Bhaskar Reddy. A special welcome was extended to Dr. M.Bagvandas, BoS Committee Member and Dr. N. Ramkumar, who attended as a distinguished guest. Another member, Dr. N.Karikalan, was unable to actively participate due to his engagement in another event. However, he agreed to provide his views and recommendations via email.
- Members present included Dr.Kabilan Annadurai and students from first Ms.Laxshmi Prasuna and Ms.Pragnya Sree and Mr.Nidish Kumar -second-year MPH programs.
- The primary agenda of the meeting was to deliberate on the introduction of a new Postgraduate Diploma in Biostatistics at Apollo University.

Dr. Kabilan Annadurai. Presented the following to the BoS committee member

Overview of Dept of Public Health, The Apollo University Programs

- An overview of Dept of Public Health, The Apollo University's existing programs was presented.
- The Master of Public Health (MPH) program currently has a capacity of 40 students, with nine students in the first batch and six in the second.
- The PhD program has three scholars enrolled, with one drop –out due to left the job and joined another institution.
- The newly proposed Postgraduate Diploma in Biostatistics aims to broaden its scope by attracting students with backgrounds in both statistics and health sciences.
- Discussed and reviewed the curriculum structure, including Program Outcomes, Program Educational Outcomes, and Program-Specific Outcomes, along with the overall structure and regulations

Proposed Postgraduate Diploma in Biostatistics

- The proposed diploma program will enroll 30 students, with a tuition fee set at INR 60,000.
- Eligible candidates must hold ANY Bachelor's degree with a minimum aggregate of 50%. With Statistics as course.
- The program will be structured over two semesters, comprising a total of 42 credits in line with adhering the UGC guideline

- The first semester will focus on foundational courses in Biostatistics, featuring Five core and one elective subjects (23 credits). The second semester will consist of two core courses and one elective courses (19 credits). The curriculum has been designed to align with the guidelines established by the University Grants Commission (UGC) for PG diploma programs.

Feedback and Suggestions

- Dr.M. Bagvandas raised concerns regarding the feasibility of the course load.

  Suggestions included:

  - Increasing focus on practical applications rather than excessive theoretical content.
  - Reducing the number of theory papers to make the program more manageable.
  - Increasing tutorials and hands-on exercises to improve student understanding and job prospects.
  - Focus only on Systematic Review in the course content, excluding Meta-analysis, which can be explored in a PhD-level course.
- Dr. N.Ramkumar has provided the inputs in the gap of the prosed syllabus and reduce the duplication, repetition of contents in the courses that offered
- Dr.Kabilan Annadurai and Faculty members discussed the challenge of balancing UGC requirements while maintaining program feasibility.
- First-year students expressed the need for increased hours for practical/field exposure, while second-year students mentioned that many organizations suggested focusing on Systematic Reviews rather than Meta-analysis

Action Items

Planned actions to address the concerns raised:

- **Course Load Feasibility:**
  - Review the course syllabus to identify areas where theoretical content can be reduced in favor of more practical applications.
  - Adjust the number of theory papers to make the program more manageable and balanced.
  - Increase the frequency of tutorials and hands-on exercises to enhance student understanding and improve job readiness.
- **Syllabus Improvement:**
  - Revise the proposed syllabus based on Dr. Ramkumar's feedback to address gaps and eliminate duplication and repetition of content across courses.
  - Focus only on Systematic Review in the course content, excluding Meta-analysis, which can be explored in a PhD-level course.
- **Balancing UGC Requirements with Feasibility:**
  - Dr. Kabilan Annadurai has agreed to incorporate the suggestions in consultation with the Dean and management to balance UGC requirements while maintaining the overall feasibility and effectiveness of the program.

Conclusion

- The meeting concluded with an agreement to revise the syllabus based on the feedback provided.
- The finalized curriculum will be submitted to the BoS committee for further approval after incorporating the inputs
- The chairperson Dr.K.Bhaskar Reddy thanked all attendees for their participation and valuable input.

Proceedings

The meeting commenced with a welcome address by Prof. K. Bhaskar Reddy, Dean, School of Health Sciences and Chairperson of the Board of Studies. The Chair welcomed the members and acknowledged the contribution of a departed colleague before initiating the proceedings.

Dr. Kabilan Annadurai presented the revised MPH curriculum developed through stakeholder consultation and benchmarking with leading national and international institutions. The curriculum was aligned with the National Education Policy (NEP 2020), World Health Organization Essential Public Health Functions, and emerging global public health priorities. The curriculum comprises 90 credits, with specialization tracks in Epidemiology & Analytics and Health Management & Policy, emphasizing laboratory-based learning, public health seminars, field exposure, and competency-based education.

The Board appreciated the curriculum benchmarking against internationally recognized public health programmes, including Johns Hopkins University, Harvard University, and the London School of Hygiene & Tropical Medicine, and noted the inclusion of emerging themes such as Planetary Health, Leadership, Systems Thinking, Digital Health, and Health Management Systems.

Major Discussions and Recommendations

- Dr. N. Karikalan recommended removing the mandatory requirement for Scopus-indexed publications for student dissertations and instead emphasizing research originality, quality, and ethical conduct. He also suggested strengthening qualitative research methods within implementation science and encouraging greater exposure to digital health and emerging technologies. In addition, he recommended introducing non-credit foreign language courses (Professional English/French/Spanish) to improve students' global employability and highlighted the growing importance of Health Technology Assessment (HTA) as a future academic offering.

- Dr. N. Ramkumar emphasized strengthening students' analytical competencies and recommended enhancing training in statistical software and digital technologies to improve research and industry readiness. Along with this a detailed suggestions in biostatics Program and course in written.
- Mr. Nidish highlighted the importance of communication skills, Corporate Social Responsibility (CSR), and experiential learning. He recommended expanding collaborations with CSR organizations and community partners to provide meaningful field exposure for students.
- Dr. Mahendranath Chowdary supported increasing community-based practical exposure through partnerships with community organizations and endorsed incorporating emerging public health practices into the curriculum.
- Mr. Vamsi suggested increasing the number of field visits to strengthen community-level exposure and stakeholder interaction.
- Prof. K. Bhaskar Reddy suggested exploring the transfer of credits earned through approved SWAYAM/MOOC courses and relevant online programmes, subject to University regulations, to encourage flexible and lifelong learning.

REGISTRAR
The Apollo University

The Board unanimously agreed that the curriculum reflects current public health priorities while meeting national and international academic standards.

Resolutions

The Board unanimously resolved to:

- Approve the revised Master of Public Health curriculum with the recommendations discussed.
- Remove the mandatory publication requirement for student dissertations and prioritize research quality and originality.
- Incorporate qualitative research methods within implementation science and clinical trial modules.
- Introduce curriculum components on Corporate Social Responsibility (CSR), Environmental, Social and Governance (ESG), Digital Health, communication skills, and other emerging public health themes.
- Strengthen statistical software training, technology-enabled learning, and community-based experiential learning.
- Explore the implementation of SWAYAM/MOOC credit transfer and facilitate opportunities for foreign language learning.
- Continue the PGDBS curriculum without modification for the current academic year, while considering future revisions based on emerging academic and industry requirements.

The members appreciated the efforts of the Department of Public Health in developing a competency-based curriculum aligned with national and international standards. Dr. Kabilan Annadurai thanked all the Board members for their valuable suggestions and assured the Board that the recommendations would be incorporated before submission of the revised curriculum to the Academic Council.

The meeting concluded with a vote of thanks to the Chair and all members.

Resolutions:

Discussed in detail the Course Syllabi for III and IV B.Tech CSE, and resolved to approve the same with the following amendments.

1. It is suggested to go with the same Course structure and syllabi following as per AICTE norms.
2. Requested to check for redundancy of the courses added in the core subjects and also in Programme or faculty electives.
3. In the 6th semester the Blockchain Course has only the Bitcoin concept, it is recommended to check for the feasibility of including other related technologies it.
4. Uniformity in the number of course objectives and outcomes is recommended such that all the Courses should have 5-course outcomes.
5. Suggest including subjects like Cyber-Physical Systems, Deep Architecture, and Generative AI in the Faculty Elective subjects based on the availability of the subject expertise and ensure that it will be offered in the faculty elective based on the availability of the subject expertise in the next year.
6. Addressed about the MOOC course inclusion. It is suggested to also look for the alternate possibility for the average and below average students. Noted and ensured for implementation.
7. It is recommended to remove Bayesian Learning from Unit I in Deep Learning. The recommendation is accepted and removed the same.
8. The program coordinator summarized the value-added courses offered under different tracks like cloud computing, Big Data Analytics, blockchain, Oracle cloud, etc. Further it was also brought to the notice of the Board that the online certificate courses listed under value added are subject to availability. In case the course is unavailable, it will be discussed in the Internal BoS for changes and the Resolution will be circulated to external members for approval.
9. In case of any changes/modifications in the curriculum to meet the industrial needs/demands or any academic needs, a BoS meeting will be conducted with the internal members for changes/modifications. The same will be forwarded to External experts of BoS for any suggestion and final approval.
10. The meeting ended with a Vote of thanks by the chairman Prof. Sunil Kumar.

Item 1
Discussion:
The members observed that introducing Python and Data Structures using C++ instead of C may result in only a partial understanding of programming fundamentals.

Resolution:
Resolved to review the sequence of programming courses while finalizing the curriculum to ensure students acquire strong programming fundamentals.

Item 2
Discussion:
Suggested incorporating Explainable AI (XAI), including Black Box and White Box models.

Resolution:
Resolved to incorporate concepts of Explainable Artificial Intelligence (XAI), including Black Box and White Box models, in the Artificial Intelligence and Machine Learning course, wherever applicable.

Item 3
Discussion:
Recommended hands-on exposure to model evaluation.

Resolution:
Resolved to strengthen practical learning by incorporating hands-on exercises on the implementation and evaluation of Black Box and White Box models in the Artificial Intelligence and Machine Learning course, wherever feasible.

Item 4
Discussion:
Approved the curriculum structure with recommendations.

Resolution:
Resolved to approve the R26 Curriculum Structure (Semesters I–VIII) of the B.Tech. Computer Science and Engineering Programme, with the understanding that the curriculum for Semesters V–VIII is tentative and may be revised based on emerging technologies, industry requirements, employability trends, and future recommendations of the Board of Studies.

Item 4(a)
Resolution:
Resolved to enhance the IoT Laboratory by incorporating industry-oriented experiments integrating Industrial Internet of Things (IIoT), Agentic AI, and Explainable AI, wherever applicable.

Item 4(b)

REGISTRAR
The Apollo University
Murukambattu,Chittoor-517127.A.P.

Resolution:
Resolved to incorporate topics on Data Validation, including industry-standard tools and real-time applications, in the Data Science course to enhance students' practical exposure.

Item 4(c)
Resolution:
Resolved to introduce programme electives in emerging areas such as Reinforcement Learning, Agentic AI, Generative AI, Generative Physical AI, and Federated AI, subject to curriculum requirements and approval.

Item 4(d)
Resolution:
Resolved to introduce specialization verticals in emerging domains, including Artificial Intelligence, Cyber Security, Computer Networks, and other relevant areas, to enhance students' domain expertise and industry readiness.

Item 4(e)
Resolution:
Resolved to introduce a dedicated course on System Design to strengthen students' software architecture and large-scale application design skills.

Agenda Point 2: To discuss and approve the Course Syllabi for Semesters I to IV of the B.Tech. CSE Programme.

Discussion
The Board members reviewed the detailed course syllabi for Semesters I to IV of the B.Tech. Computer Science and Engineering Programme under the R26 Regulations. The members examined the course objectives, learning outcomes, unit-wise syllabus, laboratory components, and assessment methods to ensure alignment with the Programme Outcomes (POs), Programme Specific Outcomes (PSOs), industry requirements, and emerging technological trends. The Board appreciated the comprehensive syllabus design and suggested incorporating additional industry-oriented concepts, modern tools, hands-on laboratory components, and real-world applications to further strengthen students' technical competence, practical exposure, and employability. The following suggestions were made during the discussion:

1. Suggested including the concept of **Templates** in Unit I of the **Data Structures** course.
2. In the **Programming Using Python Laboratory**, suggested introducing emerging industry-standard technologies by incorporating modern data processing frameworks such as **Polars** and analytical databases such as **DuckDB** in laboratory exercises and mini projects to enhance practical skills and align with current industry practices.
3. Suggested including **RAID Levels** in Unit IV of the **Database Management Systems (DBMS)** course. Further, recommended incorporating concepts on managing **sensor-generated data** and **Electronic Health Records (EHR)** using modern database technologies, emphasizing industry practices for storing, processing, and querying real-time healthcare data.

REGISTRAR
The Apollo University
Murukambattu,Chittoor-517127.A.P

4. Suggested introducing the concepts of **Microservices Architecture** in the **Full Stack Web Development** course to familiarize students with modern software development practices.
5. In the **Full Stack Web Development Laboratory**, suggested incorporating **AI-enabled and dynamic web application case studies** to provide students with exposure to current industry practices.

Resolution

After detailed deliberations, the Board **resolved to approve the Course Syllabi for Semesters I to IV** of the **B.Tech. Computer Science and Engineering Programme** under the **R26 Regulations**, subject to the incorporation of the above recommendations and observations made by the Board, wherever applicable, before implementation.

Final Resolution

Resolved to approve the Course Structure (Semesters I–VIII) and the Course Syllabi (Semesters I–IV) of the B.Tech. Computer Science and Engineering programme under the R26 Regulations, subject to the incorporation of the recommendations and observations made by the Board of Studies, wherever applicable, before submission to the Academic Council for approval.

Action Taken Report on 2nd BoS

Date: Friday, 28th July, 2023

Time: 11:00AM – 1:00pm

1. DBMS Theory – Suggested to include the topics like Query Processing, Query Optimization and Storage Management.

   Resolution:

   - As Mentioned by the members the topics like Query Processing, Query Optimization and Storage Management were included.
   - In addition, the credits of the course were also changed from 3 credit course to 4 credit course.

2. Suggested to include the case-studies In DBMS Lab related Database ER-design and Implementation

   Resolution:

   - As suggested the Hospital Management system and Student progression system case studies has been included under Ex.9 and Ex.10 in DBMS Lab

3. Suggested to bring Computer Organization and Architecture from Faculty elective course to core course

   Resolution:

   - As Suggested by the expert members, computer organization and architecture course were included in the Program core course under 4th Semester instead of Faculty Elective.

4. Suggested to look for the possibilities to include Technical Seminar and Technical Paper Writing.

   Resolution:

   - As advised by the expert members, the session related to the technical seminar and technical paper writing were included every week of the time-table.
   - Guidelines were prepared and circulated to the students for the preparation and presentation of PPT and Seminar Report.

Date: Friday, 28th July, 2023

Time: 11:00AM – 1:00pm

1. DBMS Theory – Suggested to include the topics like Query Processing, Query Optimization and Storage Management.

   Resolution:

   - As Mentioned by the members the topics like Query Processing, Query Optimization and Storage Management were included.
   - In addition, the credits of the course were also changed from 3 credit course to 4 credit course.

2. Suggested to include the case-studies in DBMS Lab related Database ER-design and Implementation

   Resolution:

   - As suggested the Hospital Management system and Student progression system case studies has been included under Ex.9 and Ex.10 in DBMS Lab

3. Suggested to bring Computer Organization and Architecture from Faculty elective course to core course

   Resolution:

   - As Suggested by the expert members, computer organization and architecture course were included in the Program core course under 4th Semester instead of Faculty Elective.

4. Suggested to look for the possibilities to include Technical Seminar and Technical Paper Writing.

   Resolution:

   - As advised by the expert members, the session related to the technical seminar and technical paper writing were included every week of the time-table.
   - Guidelines were prepared and circulated to the students for the preparation and presentation of PPT and Seminar Report.

Item No. 1: Welcome Address and Introduction of the Board of Studies (BoS) Members

The meeting commenced with a warm welcome by Dr. Y. Sreeraman, Convener of the Board of Studies. He welcomed the Chairperson, external expert, industry expert, internal BoS members, and invitees. He introduced all the members of the Board and expressed his sincere gratitude for their valuable presence and continued support in strengthening the academic curriculum of the B.Tech–Computer Science and Engineering (Artificial Intelligence & Machine Learning) programme.

Item No. 2: Discussion and Approval of the Course Structure for Semesters I to VIII of the B.Tech–CSE (AI&ML) Programme

The Convener presented the proposed Course Structure for Semesters I to VIII of the B.Tech–CSE (AI&ML) programme under the R26 Regulations.

The members examined the proposed curriculum in detail and deliberated on the overall course structure. The Course Structure for Semesters I to VIII was found to be comprehensive and aligned with the curriculum objectives of the programme. It was informed that the Course Structure for Semesters V to VIII is tentative/proposed and may be refined in future based on emerging technologies, industry requirements, and statutory guidelines.

Resolution:
The Board unanimously approved the Course Structure for Semesters I to VIII of the B.Tech–CSE (AI&ML) programme. The Course Structure for Semesters V to VIII, being tentative in nature, was also approved by the Board, with the provision for incorporating future modifications, if required.

Item No. 3: Discussion and Approval of the Course Syllabi for Semesters I to IV of the B.Tech – CSE (AI&ML) Programme

The Convener informed the Board that the majority of the courses offered in the B.Tech–CSE (AI&ML) programme are common with the B.Tech–CSE programme, and their syllabi had already been discussed and approved in the Board of Studies meeting of the CSE programme.

The syllabi for Semesters I to IV were then presented for discussion and approval. During the deliberations:

- Mr. M.R. Mahesh suggested reducing certain concepts included in the Artificial Intelligence and Machine Learning course to optimize the course content.
- The Convener explained the academic significance of the proposed topics and emphasized that the existing contents are essential for providing students with a strong foundation in Artificial Intelligence and Machine Learning and are in line with current industry and academic expectations.

REGISTRAR
The Apollo University
Murukambattu,Chittoor-517127,A.P.

- After detailed discussion, Mr. M. R. Mahesh accepted the Convener's justification and agreed to retain the syllabus without any modifications.
- The other members of the Board reviewed the syllabi of all the courses and unanimously expressed their approval without suggesting any further changes.

Resolution:

The Board unanimously approved the Course Syllabi for Semesters I to IV of the B.Tech – CSE (AI&ML) programme. It was resolved to retain the existing syllabus of the Artificial Intelligence and Machine Learning course without any modifications, and all other course syllabi were approved as presented.

Item No. 4: Any Other Item with the Permission of the Chair

No additional items were taken up for discussion.

The meeting concluded with a Vote of Thanks proposed by Dr. Y. Sreeraman, Convener of the Board of Studies. He expressed his sincere gratitude to the Chairperson, External expert, Industry Expert, Internal BoS members, and all participants for their valuable suggestions, constructive feedback, and active participation in making the meeting successful.

Item No. 1: Welcome Address and Introduction of the BoS Members

The meeting commenced with a warm welcome by Dr. Y. Sreeraman, Convener of the Board of Studies. He welcomed the Chairperson, external expert, Industry Expert, Internal BoS members, and invitees. He introduced all the members of the Board and thanked them for their valuable presence and continued support in strengthening the academic curriculum.

Item No. 2: Discussion and Approval of the Course Structure

The proposed Course Structure for Semesters I to VIII of the B.Tech. Computer Science and Engineering (Cyber Security) programme was presented before the Board for discussion.

After detailed deliberations, the Board approved the Course Structure for all eight semesters. It was noted that the Course Structure for Semesters V to VIII is tentative/proposed and may be revised in future, if required, to accommodate emerging technologies, industry requirements, and statutory guidelines.

Resolution: The Board unanimously approved the Course Structure for Semesters I to VIII, including the tentative Course Structure proposed for Semesters V to VIII.

Item No. 3: Discussion and Approval of the Course Syllabi

The Course Syllabi for Semesters I to IV of the B.Tech. Computer Science and Engineering (Cyber Security) programme were presented before the Board.

It was informed that the majority of the common courses had already been approved by the Board of Studies of the B.Tech. Computer Science and Engineering (CSE) programme. The remaining programme-specific courses were discussed in detail.

After deliberations, the Board approved the syllabi with the following recommendations:

1. **Introduction of Software Defined Networking (SDN) in Computer Networks**
   - **Suggestion:** Dr. N. Karthik recommended introducing **Software Defined Networking (SDN)** as part of the Computer Networks course.
   - **Decision:** The recommendation was accepted, and SDN will be incorporated into the Computer Networks syllabus.
2. **Implementation of Computer Networks Laboratory**
   - **Suggestion:** Dr. N. Karthik recommended conducting the Computer Networks Laboratory using **NS-3** and/or **Cisco Packet Tracer.**
   - **Decision:** The recommendation was accepted and will be implemented in the laboratory curriculum.
3. **Introduction of Business Intelligence**

REGISTRAR
The Apollo University

Resolutions:

Discussed in detail the Course Structure for B.Tech. CSE, CE-Software Engineering, Information Technology and resolved to approve the samewith the following amendments:

1. Dr Hima Bindu presented the course structure and detailed syllabus of all the programs as per the agenda to the members and chairman.
2. Mr. Vijay Kumar complimented the courses and the syllabus cover all the latest ones that make the students industry ready. He also said to ensure the software testing and software process related concepts and course to be included which covers the entire software development processes of the industry.
3. Dr Vivekanandan responded to Mr. Vijay regarding the software testing and software project management covers required knowledge in the specified courses.
4. Dr Shoba Bindu suggested to shed light on whether the courses are fixed or tentative. "The core subjects are fixed and the electives are tentative that are subject to change based on the demand of the courses" was the response from Dr. Hima bindu.
5. DBMS Theory – Suggested to include the topics like Query Processing, Query Optimization and Storage Management.
   - As Mentioned by the members the topics like Query Processing, Query Optimization and Storage Management.
   - In addition, the credits of the course were also changed from 3 credit course to 4 credit course.
6. Suggested to include the case-studies In DBMS Lab related Database ER-design and Implementation
   - As suggested the Hospital Management system and Student progression system case studies has been included under Ex.9 and Ex.10 in DBMS Lab
7. Suggested to bring Computer Organization and Architecture from Faculty elective course to core course
8. As Suggested by the expert members, computer organization and architecture course were included in the Program core course under 4th Semester instead of Faculty Elective.
9. Suggested to look for the possibilities to include Technical Seminar and Technical Paper Writing.
   - As advised by the expert members, the session related to the technical seminar and technical paper writing were included every week of the time-table.
   - Guidelines were prepared and circulated to the students for the preparation and presentation of PPT and Seminar Report.
   - Coordinator has been allotted to each class and instructed to monitor the progress based on the guidelines circulated from SOT.

Agenda

To discuss and approve the proposed changes in the course names of the B.Tech. Computer Engineering Software Engineering Programme (III and IV Year) to better reflect the course content, learning outcomes, and industry expectations.

Discussion

The Internal Board of Studies deliberated on the proposed revision of the course titles for selected courses offered during the III and IV Years of the B.Tech. Computer Engineering – Software Engineering Programme.

REGISTRAR
The Apollo University
Murukambattu,Chittoor-517127.A.P.

The members observed that certain existing course names did not adequately represent the scope and intended learning outcomes of the courses. It was suggested that the course titles be revised to enhance clarity, align with contemporary academic practices, and better reflect the nature of the learning experiences provided to students.

The Board reviewed each proposed course title and appreciated that the revised nomenclature would improve curriculum presentation while maintaining the original course objectives and credit structure.

Resolution

After detailed deliberations, the Internal Board of Studies unanimously resolved to approve the following changes in course names under the Regulations.

Semester	Course Code	Existing Course Name	Approved Course Name
V Semester	BTKT3901	English LSRW	**English for Professional Communication**
V Semester	BTKT3701	Principles of Science	**Principles of Engineering Science**
V Semester	BTKT3501	Integrated Work with a Partner Company	**Project/Internship – III**
VI Semester	BTKT3801	Discovering Self	**Personal Development and Emotional Intelligence**
VI Semester	BTKI3502	Integrated Work with a Partner Company	**Project/Internship – IV**
VII Semester	BTKI4501	Integrated Work with a Partner Company	**Project/Internship – V**
VIII Semester	BTKP4501	Integrated Work with a Partner Company	**Project/Internship – VI**

Final Resolution

The Internal Board of Studies unanimously approved the above changes in course names for implementation under the existing Regulations. The Board further resolved to recommend the revised course titles to the Board of Studies and subsequently to the Academic Council for approval.

Resolution: The Board conducted a detailed review of the academic performance for AY 2023-24, analyzing various academic parameters and quality indicators. The following key points were discussed:

Mr. S. Kumar, Expert Member of BoS, suggested that remedial classes should document the duration taken by students to clear their examinations. He also emphasized the importance of tracking the efforts invested in helping students progress to the next academic level.

Dr. S. M. Shaheedha, Expert Member of BoS suggested to

a) Implement a systematic identification and support system for advanced learners

b) Provide specialized training for competitive examinations including:

- *GPAT (Graduate Pharmacy Aptitude Test)*
- *NIPER, Central Government and other pharmacy-related competitive examinations*

c) Create awareness programs about various competitive examinations available for pharmacy students

d) Establish a monitoring system for tracking advanced learners' progress

Prof. S.K. Sridhar, Member suggested to implement a comprehensive peer learning system with the following components:

a) Select top-performing students to conduct teaching sessions for specific course units

b) Establish structured peer tutoring groups with:

- *Mixed composition of advanced and slow learners*
- *Recommended ratio of one advanced learner with one or two slow learners*

c) Implement this system to leverage the increased student cohort size

The Board conducted a comprehensive review of the ongoing research and development activities at the institution and the status of Ph.D. admissions for AY 2024-25. After detailed deliberation on the current research projects, publications, funded research status, and progress of existing Ph.D. scholar's admissions, the Members of the Board expressed satisfaction with the R&D initiatives.

The Board reviewed the Ph.D. admission process for AY 2024-25, including the number of applications received, selection criteria, and available research supervisors. The Members approved the current status of research activities and Ph.D. admissions process, while emphasizing the need to strengthen research collaborations and enhance the quality of research output. Encouraged faculty members to submit more research proposals for external funding (International agencies, National & Industry projects).

Item No. BoS/2025/AIPS/3.11 -

Suggestion from members to include courses beyond syllabus with respect to industry needs

Resolution:

The Board of Studies, after thorough deliberation on enhancing student competency through additional courses beyond the regular curriculum, resolved to approve the following:

1. SWAYAM-NPTEL MOOCS Courses
2. Pharmaceutical Certificate Courses

The Board further resolved that both these course categories shall be implemented simultaneously to provide comprehensive industry-oriented additional learning opportunities for students based on their interest.

Item No. BoS/2025/AIPS/3.12 - Any other item with the permission of chair

Suggestion from members to appoint external examiner from an outside institute to conduct university end practical examinations.

Resolution:

The Board of Studies, discussed about appointment of external examiner for end practical examinations, the chairman suggested that an external examiner for end practical examinations may be appointed for Final B.Pharm. This will be presented to the academic council for further discussion and approval.

- **Academic Performance Review (AY 2023-24).**
  Action Taken: Implemented. Special remedial classes, group-based teaching methods, and mind map techniques for slow learners have been introduced. The institute has been certified with ISO for these best practices.
- **Course Outcomes and CO-PO Mapping (B.Pharm up to IV Sem)**
  Action Taken: Implemented. Course Articulation Matrix has been implemented for the B.Pharmacy program up to 4th semester.
- **Pharmaceutical Certificate Courses (V Semester)**
  Action Taken: Implemented. Certificate courses from Coursera and other online resources have been identified for the 6th semester students (2023 admitted batch).

Item No. BoS/2026/AIPS/4.5 - Approval status of the PCI & APSCHE AY 2025-26 and to discuss the Admissions status in AY 2025-26 (TAU & Convener Quota)

Discussions invited with respect to approval status of the statutory bodies and admission status in AY 2025-26.

The approval letters from Pharmacy Council of India and Government of Andhra Pradesh (APSCHE) for the B.Pharmacy program for AY 2025-26 were presented. The approved intake is 60 seats.

Resolution: The BoS members reviewed and approved the current status of admissions. The Board expressed satisfaction with the progressive trend and aims to achieve 100% admission by AY 2026-27.

Item No. BoS/2026/AIPS/4.6 - Introduction of New Program Pharm.D. (Doctor of Pharmacy) - Approval of the curriculum structure and syllabi for Pharm.D. programme for AY 2026-27.

Resolution: The curriculum structure for the Pharm.D. program was presented, following the Pharmacy Council of India regulations (PCI Pharm.D. Education Regulations 2008). The BoS members discussed the Pharm.D. curriculum structure. However, the following points were raised for further deliberation and the proposed structure includes:

- **Program Core:** Members approved to follow as per the PCI regulations and syllabus for the Pharm.D. program
- **University Electives:** Proposed to be implemented from 2nd year through 5th year (University Elective 1, 2, 3, and 4)
- **6th Year: Internship program** consisting of:
  6 months in General Medicine Department & 2 months each in three specialty departments (total 6 months)

Item No. BoS/2026/AIPS/4.7 - To consider and approve L-T-P structure Credits under CBCS/NEP 2020, Academic Bank of Credits (ABC) compliance.

The Lecture-Tutorial-Practical (L-T-P) structure and credit distribution pattern for the Pharm.D. program was presented based on NEP 2020 and Academic Bank of Credits framework.

Proposed Credit Structure:

- **Lecture:** 1 hour per week = 1 credit
- **Tutorial:** 1 hour per week = 1 credit
- **Practical:** Discussion on whether 1 hour per week = 1 credit (or) 2 hours per week = 1 credit

Suggestions from Board Members:

Dr. S.K. Sridhar raised critical concerns regarding the Pharm.D. program structure:

1. **Time Framework:** Pharm.D. follows an annual pattern (200 working days per year) unlike B.Pharm. semester pattern (100 working days per semester). The academic calendar must be carefully planned to accommodate this difference.
2. **Contact Hours:** PCI regulations specify the number of contact hours per week for each subject. The total number of teaching hours must be clearly defined.
3. **Total Teaching Hours:** Recommended adding a column specifying total teaching hours per course (approximately 110-112 hours based on 28 weeks × 4 hours = 112 hours). This will aid in planning from day one of the program.
4. **Course-Level Specification:** While unit-level hour distribution may not be necessary (due to vague syllabus structure), course-level total hours should be clearly specified (e.g., Organic Chemistry: 110-112 hours total).
5. **University Electives for Pharm.D.:** Strong recommendation against including university electives in Pharm.D. program for the following reasons:
   - Pharm.D. operates on an annual system while university electives are designed for semester-based programs
   - The course load is already heavy as it follows the traditional yearly pattern
   - Logistically difficult to fit electives into a year-long course structure

REGISTRAR
The Apollo University
Murukambattu,Chittoor-517127.A.P

- Unless special year-long electives are designed specifically for Pharm.D., electives should not be included

Credit System for Pharm.D.:

The Dean requested the team to research credit systems implemented by reputed universities offering Pharm.D. programs suggested universities to review:

i. JSS Academy of Higher Education & Research (confirmed to have implemented credits)

ii. Manipal Academy of Higher Education

iii. Sri Ramachandra Institute of Higher Education and Research (confirmed to follow credit system)

Discussion on Practical Credits:

The Dean raised the question regarding practical credit calculation. Further discussion is needed to finalize whether practical should be:

- 1 hour per week = 1 credit, OR
- 2 hours per week = 1 credit

Resolution: The Board members discussed the L-T-P structure and credit distribution. The following actions were decided:

1. **University Electives:** Based on Prof. Sridhar's expert suggestion, the Board suggested take further approval from Academic Council **to include either/not university electives** in the Pharm.D. program due to incompatibility with the annual pattern and already heavy course load.
2. **Credit System Research:** Dr. S. Rajasekhar, Dr. P. Sucharitha, and team members were tasked to:
   - Review credit systems from 2-3 reputed universities (NIPER, Manipal, Sri Ramachandra)
   - Finalize the credit distribution pattern
   - Add a column for total teaching hours per course
   - Submit the finalized structure to the Academic Council

REGISTRAR
The Apollo University
Murukambattu,Chittoor-517127.A.P.

3. **Total Teaching Hours:** The Board approved the recommendation to specify total teaching hours per course (approximately 110-112 hours per course based on 200 working days = 28 weeks).
4. **Internal Follow-up Meeting:** An internal meeting will be scheduled within 1-2 days (January 7-8, 2026) to finalize the credit structure before submission to the Academic Council.

The Board authorized the registration of the Pharm.D. program on the ABC (Academic Bank of Credits) portal upon finalization of the credit structure.

Item No. BoS/2026/AIPS/4.8 - To discuss and approve the Course Outcomes and CO-PO Mapping for B.Pharm. Program (up to VIII Sem)

The Course Outcomes and CO-PO mapping for B.Pharm. program extending from VI semester to VIII semester was presented. The previous meeting had approved CO-PO mapping up to IV semester.

The Course Articulation Matrix has been implemented for the entire B.Pharmacy program (all 8 semesters).

Resolution: The Board members reviewed and approved the Course Outcomes and CO-PO mapping for B.Pharm. program up to VIII semester, ensuring comprehensive alignment with Program Outcomes throughout the entire degree program.

Item No. BoS/2026/AIPS/4.9 - Research and Development

The Dean presented the research and development activities at Apollo Institute of Pharmaceutical Sciences.

1. **ANKUR Scheme (TAU Seed Money):** 5 faculty members applied, Scientific committee presentations completed and Results awaited
2. **ANRF (Anusandhan National Research Foundation):** 2 faculty members applied
3. **DST-FIST (Fund for Improvement of S&T Infrastructure):** Joint application with School of Health Sciences and AIPS with Project value: ₹1 crore and Results awaited.
4. **Publications and Presentations:** Faculty members are actively participating in:
   - Publication of research papers (Scopus Indexed Q1, Q2 journals)
   - Scientific committee presentations
   - Research conferences (National & International)

REGISTRAR
The Apollo University
Murukambattu,Chittoor-517127.A.P

5. **PhD Scholars Status - AY 2024-25:** Successfully completed pre-PhD examination for 4 scholars and two review meetings conducted for all PhD students.

Resolution: The BoS members reviewed and appreciated the research and development initiatives. The Board expressed satisfaction with the research grant applications to multiple funding agencies and encouraged faculty members to continue applying for external funding from international agencies, national funding bodies, and industry projects. Members appreciated the successful completion of pre-PhD examinations, and noted the progress of PhD admissions for AY 2025-26.

Item No. BoS/2026/AIPS/4.10 - Industry-Academia Collaboration

The status of industry-academia collaborations was presented.

- **Aurobindo Pharma:** Existing MoU (renewal in process)
- New MoUs in Progress: Hetero Drugs, Hyderabad and University of Hyderabad expected completion in the month January 2026.
- Students regularly participate in conferences and seminars
- Industrial visits organized for B.Pharm students (ToxGene AR Biolabs) during Aug 2025

Resolution:

The BoS members reviewed the industry-academia collaboration initiatives and resolved to:

- Support the renewal of the MoU with Aurobindo Pharma.
- Approve the proposed MoUs with Hetero Drugs and University of Hyderabad
- Encourage continued student participation in industrial visits and industry-related events
- Strengthen industry linkages for enhanced practical exposure to students

Item No. BoS/2026/AIPS/4.11 - Suggestions from External Experts.

External expert members provided valuable suggestions during the meeting, which have been incorporated in the respective agenda items above, particularly recommendations on Pharm.D. structure, credit system, and total teaching hours and Recommendations against including university electives in Pharm.D. program.

Resolution:

The Board acknowledged and appreciated the expert suggestions provided by external members and resolved to implement them in the program planning and curriculum design

Item No. BoS/2026/AIPS/4.12 - Any Other Item with the Permission of the Chair

Additional Announcements by the Dean:

1. **New Initiatives for AY 2026-27:**
   - Introduction of Pharm.D. program
   - Enhancement of existing B.Pharm program intake from 60 to 100 seats
2. **Upcoming Inspection:**
   - PCI inspection expected in January 2026
   - Preparation ongoing
3. **Pending Action Items:**
   - Finalization of credit structure for Pharm.D. program
   - Internal meeting to be scheduled within 1-2 days (January 7-8, 2026)
   - Submission to Academic Council after finalization

Resolution:

The Board noted the announcements and preparations for upcoming initiatives and inspections.

Item No. BoS/2026/AIPS/4.13 - Date of Next Meeting

The tentative date for the next (Fifth) Board of Studies meeting was discussed and fixed.

Next BoS Meeting Date: 8th July 2026

Resolution: The Board members confirmed their availability and agreed to the proposed date for the next BoS meeting.

Item No. BoS/2026/AIPS/4.14 - Vote of Thanks

Dr. Sucharitha P proposed the vote of thanks to all the members for their active participation and valuable contributions to the Fourth Board of Studies meeting.

Discussion and Suggestions from Members:

- Dr. S.M. Shaheedha sought clarification on whether the Institute is permitted to modify the PCI-mandated curriculum and noted that Value-Added Courses appear from Semester 2 onward for the first time. She also observed that Semester 4 offers students the option of undertaking an internship. The Dean clarified that the curriculum has to be followed as per PCI regulations; the Semester 4 industry exposure is desirable (not mandatory) as per PCI, but the Institute will implement it for the AY 2026-27 admitted batch since it carries credits.
- Mr. Kumar Shanmugam suggested that a measurable outcome framework should be built into the internship programme, and sought clarity on the internship duration, which appeared as 30 hours on one of the slides. It was clarified that 1 credit corresponds to 30 hours, and that the total internship offered per semester is 120 hours (4 credits); the slide was noted for correction to avoid confusion.
- Mr. Kumar Shanmugam further suggested that measurable outcomes should also be defined and tracked for MoUs signed with industry partners, so that the purpose of signing such agreements is not defeated. The Dean agreed and stated that visible outcomes, including student placements for industry projects, would be reported in a future meeting once students begin undertaking internships under the renewed MoUs.
- Mr. Kumar Shanmugam suggested setting up an incubation centre at the Institute to facilitate research activity. The Dean informed the members that The Apollo University already has an Incubation Centre and an Institution's Innovation Council, and that AIPS students' participation in these is expected to increase in the coming years, especially with upcoming collaborative programmes with Biomedical Sciences and the Medical College.
- Mr. Kumar Shanmugam suggested upgrading the analytical laboratory to a GLP/accredited standard for dual use - academic research/training as well as commercial batch release testing (citing the JSS Mysore model). The Dean responded that the Institute is pursuing external funding (DST, DBT, ICMR) toward a sophisticated laboratory over the next few years, and in the interim is procuring HPLC instruments (proposals for Shimadzu and Waters models are in

the pipeline) and building basic testing capability. Mr. Kumar Shanmugam offered to support the institute in drafting the User Requirement Specification (URS), lead generation, and procurement.

- Prof. S.K. Sridhar pointed out that the grading slide showed an additional A+/B+ grading which is not part of the PCI grading pattern (O, A, B, C, D, F). The Dean and Dr.S.Rajasekhar clarified that the additional plus-grading is a University-wide practice common to all Schools and programmes, as decided in an earlier BoS meeting, and agreed to add an explanatory footnote and include the F (Fail) grade on the slide for clarity.
- Prof. S.K. Sridhar recommended fixing the subject-wise contact hours upfront for both B.Pharm and Pharm.D. programmes (rather than keeping them open), to avoid confusion in attendance percentage calculations. The Dean agreed to fix the contact hours.
- Mr. Kumar Shanmugam reiterated an earlier suggestion (also raised in an earlier BoS meeting) that the foundational Statistics course, currently placed in Semester 7, should be moved to an earlier semester (Semester 1 or 2) so that students build mathematical/statistical fundamentals early. The Dean noted that this had previously been represented to PCI but had not been incorporated in the PCI syllabus; the Institute will explore introducing basic statistics/mathematics content in the early semesters (without additional credit load), as the PCI-prescribed structure is being followed for the credit-bearing curriculum.
- On the number of sessional (mid-term) examinations, it was noted that PCI recommends 2 sessional examinations, while the University conducts 3 sessional examinations for all its programmes, to give students an additional opportunity in case of illness during earlier tests. Mr. Kumar Shanmugam opined that conducting more than the PCI-recommended minimum is not a concern and is manageable within the semester (approximately once every two months).
- Dr. G. Swapna noted that moving from the existing (2023) regulations to the new curriculum will require additional classroom-level preparation on the revised examination pattern and requested faculty support for smooth implementation.

Resolution: The Board of Studies reviewed and approved the new B.Pharm curriculum structure and syllabi (193 credits, 8 semesters with lateral entry provision) as mandated by the Pharmacy Council of India, for implementation from AY 2026-27, subject to the following action points:

(i) correcting the internship-hours and grading slides as discussed;
(ii) developing measurable outcome tracking for internships and industry MoUs;
(iii) continuing to leverage the University's Incubation Centre/Institution's Innovation Council for student research engagement;
(iv) pursuing external funding (DST/DBT/ICMR) for a GLP-accredited analytical laboratory, while proceeding with HPLC procurement and basic lab services in the interim, with Mr. Kumar Shanmugam's support on URS drafting and procurement;
(v) fixing subject-wise contact hours for B.Pharm and Pharm.D. programmes;
(vi) correcting the typographical error in the PhD scholar's designation;
(vii) exploring early introduction of foundational statistics/mathematics content without additional credit load; and
(viii) continuing with 3 sessional examinations per semester as per University policy.

Item No. BoS/2026/AIPS/5.6 - Pharm.D. Programme - Year-wise Credit Distribution

As an action point from the previous (Fourth) BoS meeting, Dr. P. Sucharitha presented the year-wise credit distribution for the Pharm.D. programme, structured across the 6 years of the programme (Year 1 through the internship year), incorporating remedial Biology and Mathematics bridge components in the first year.

Resolution: The Board noted the year-wise credit distribution presented for the Pharm.D. programme and requested that the finalized, verified structure be circulated to all members for review and written confirmation before submission to the Academic Council.

Item No. BoS/2026/AIPS/5.7 - Research and Development

The Dean presented the research and development activities from January 2026 to June 2026 at Apollo Institute of Pharmaceutical Sciences.

- Ongoing Project: A study on lead-induced mitochondrial dysfunction in human neuronal cells and evaluation of a hepato/neuro-protective agent, sanctioned as an Intramural (seed money) grant; against a total University grant pool of Rs. 15,00,000, one AIPS faculty member secured a project worth Rs. 5,00,000.
- Sponsored (Extramural) Research Proposals: Proposals worth approximately Rs. 6 crore have been submitted over the past four to five months (since February 2026) in collaboration with other University faculty and external participants, including proposals to ICMR and a DST-SEED proposal for the SC/ST community.
- Ph.D. Status: 7 candidates applied this year AY 2025-26; 3 qualified; 1 candidate exempted from the University entrance test; 2 candidates provisionally selected for the PhD programme (AY 2025-26).

  Current scholar strength: 5 students admitted in AY 2024-25 and 2 students admitted in AY 2025-26 (Ms. Maria Jo Sandia - part-time, under the guidance of Dr. S.Rajasekhar; Ms. Kavya Sree - full-time, under the guidance of Prof. K. Bhaskar Reddy).

  The AY 2026-27 PhD intake is to be finalized and presented at the next BoS meeting.

Resolution: The Board reviewed and appreciated the progress of the research and development activities, the grant applications submitted to external funding agencies, and the growth of the Ph.D. programme, and encouraged the faculty to continue pursuing external funding and to finalize AY 2026-27 Ph.D. admissions.

Item No. BoS/2026/AIPS/5.8 - Industry-Academia Collaboration

1. MoU renewal with Hetero Drugs and Aurobindo Pharma: Preliminary discussions and legal vetting are complete (first and final drafts ready); signature formalities with company officials are pending, targeted for completion by July 2026.
2. A new collaboration with the University of Hyderabad for certification and skill-development programmes is under discussion, with the final agreement awaited.

Resolution: The Board reviewed the status of industry-academia collaborations and resolved to expedite the signature formalities for the Hetero Drugs and Aurobindo Pharma MoUs and the finalization of the University of Hyderabad collaboration, and to put in place measurable outcome tracking (e.g., student project placements) for these and future MoUs, as suggested by Mr. Kumar Shanmugam.

Item No. BoS/2026/AIPS/5.9 - Suggestions from External Experts

The external expert members provided valuable suggestions during the meeting, which have been incorporated in the respective agenda items above, particularly on internship structuring and measurable outcomes, MoU outcome tracking, laboratory infrastructure upgrades, correction of the grading and internship-hours slides, fixing subject-wise contact hours, and early placement of foundational statistics content. Mr. Kumar Shanmugam also offered to support the Institute with HPLC procurement (URS drafting) and with placing students for industry projects, particularly in Hyderabad.

Resolution: The Board acknowledged and appreciated the expert suggestions provided by the external members and resolved to implement them in the programme planning and curriculum design, as detailed under the respective agenda items.

Item No. BoS/2026/AIPS/5.10 - Any Other Item with the Permission of the Chair

Additional Announcements by the Dean:

1. **PCI Approval for AY 2026-27:**
   Approval received from Pharmacy Council of India (PCI) for the AY 2026-27:
   - Introduction of Pharm.D. (Doctor of Pharmacy) program
   - Enhancement of existing B.Pharm. program intake from 60 to 100 seats

Resolution:

The Board noted the additional announcements.

Item No. BoS/2026/AIPS/5.11 - Date of Next Meeting

The tentative date for the next (Sixth) Board of Studies meeting was discussed and fixed.

Next BoS Meeting Date: 8th January 2027

Resolution: The Board members confirmed their availability and agreed to the proposed date for the next BoS meeting.

Compared to AOP of 1200 fresh intake actual intake of 2024-25 academic year was 1183 (98% achievement).

Income achievement was 85% compared to AOP 24-25 primarily due to no admission in UOL 2+1 program (AOP had considered 85 students admission from UOL 2+1 program, which did not materialise resulting in lower tuition fee of Rs. 52 mn).

Lower hostel revenue is due to lower demand of hostel from fresh admission batch compared to expected 40% of students opting for hostel actual hostel opting was around 30%.

In AOP 25-26 Fresh admission of 1143 considered in University quota in TAU. UOL admission considered for 120 nos. Including Govt. quota (737) and Univ quota, fresh admission in TAU – 2000 nos.

Weighted Avg tuition fees/student for AOP 25-26 – Rs. 1.57L (Rs. 1.23L- in Est. 24-25)

Lower opex in 24-25 is primarily due to lower staff cost Rs. 22 mn, lower hostel cost Rs. 28 mn (due to lower occupancy – external hostels were not taken), lower marketing costs Rs. 25 mn (UOL program saving). Higher interest cost due to accelerated execution of TAU academic block resulting in drawl of higher term loan resulting in higher interest cost.

In AOP 25-26 faculty costs budgeted at student to faculty ratio of 1:30. Operation and maintenance cost has been provided for the TAU academic block.

(iii) Two Professors of the Department by rotation

(iv) Two Associate Professors of the Department by rotation

(v) Two Assistant professors of the Department by rotation

(vi) Two (2) student representatives from final year of study

2.2 The members of the BoS shall be appointed by the Vice-Chancellor in consultation with the Dean of the School concerned providing due representation for specializations in the subject and gender. Where the number of teachers in the department is less than four (4), all the teachers will be members of the BoS.

REGISTRAR
The Apollo University
Mulakalambattu,Chittoor-517127.A.P.

2.3 The term of the Chairperson and other BoS members shall be three (3) years from the date of their nomination, except for the student representative whose term ends with the

formal completion of their course of study from which he / she was chosen for the membership of the BoS. A teacher will cease to be a BoS member on superannuation unless and otherwise permitted by the Vice-Chancellor to complete his / her term.

2.4 Any person appointed in a vacancy occurring before the expiry of the original term of three years shall be a member of the Board, subject to other provisions, only for the residuary period for which the person whose place he / she has filled would have been a member.

3.0 Joint Board of Studies

There may be a Joint Board of Studies at School level to prepare the curriculum structure and syllabi for the courses offered under Basic Sciences, Faculty Core, Faculty Electives and any other inter departmental courses. These Board shall comprise of

1. Dean of the School - Chair Person
2. Chairman of BoS of all the Programs of the School
3. Subject Experts from the School faculty,
4. Two students from the final year

4.0 Common Board of Studies :

There should be a Common Board of Studies at University level to prepare the curriculum structure and syllabi for the courses offered under University Core and University Electives. Board shall comprise of

1. Registrar - Chair Person
2. Deans of the Schools
3. Subject Experts from the University faculty,
4. Two students from the final year. 59

5.0 Meetings of the BoS:

A. The meeting of the BoS shall be convened ordinarily twice in an academic year by the Registrar of the University. The date(s) for the meeting shall be fixed by the Registrar in consultation with the Chairperson of the BoS concerned, and with the approval of the Vice-Chancellor.

REGISTRAR
The Apollo University
Murukambattu,Chittoor-517127.A.P.

B. The Registrar, under the direction of the Vice-Chancellor, shall issue agenda notice to the Chairman of the BoS informing the date (s) for conduct of BoS at least fifteen (15) days in advance.

C. The quorum for a BoS meeting shall be fifty per cent of the members that constitute the BoS.

D. The Chairperson shall preside over the BoS meeting. If, for any valid reason, the Chairperson is not able to attend the meeting, the Head of the Department will preside over the meeting.

E. The person presiding over the meeting shall record the minutes of the BoS meeting, and send them to the members within 3 days from the meeting date.

F. Any member of the BoS who was present at the meeting may, within

G. 5days of the issue of the minutes, communicate to the Chair Person in writing any correction(s) to the minutes. If the Chairperson is convinced that the objection raised is genuine, he / she may correct the minutes accordingly. Otherwise, it shall be placed at the next meeting.

H. The person presiding over the meeting shall send the final minutes of the BoS meeting to the Registrar within seven (7) days from the meeting date.

I. The Chairperson may, in any exigency, obtain the opinion of the BoS members by circulation on any matter relating to the subject concerned.

J. The Registrar shall submit the approved minutes of the BoS to the next immediate meeting of the Standing Committee of Academic Council / Academic Council for consideration and approval.

6.0 Functions of BoS:

The BoS shall

6.1 Review and update the structure and syllabi of the programs being offered by the department concerned.

6.2 Frame guidelines for the development of learning outcomes, course out comes program out comes and graduate attributes 60

6.3 Formulate Academic Regulations and recommend them to the Academic Council

6.4 Prescribe academic performance indicators relating to academic standards and, assessment modes for the courses offered by the teaching department in line with requirements as prescribed by professional accrediting agencies.

6.5 Consider and implement the suggestions / guidelines issued by the University Grants Commission and any other Regulatory Authority from time to time on the modernization of the syllabi.

6.6 Recommend to the Academic Council, through the Dean of the School concerned, the introduction of any new program in the subject concerned, its structure, admission criteria, and scheme of Examinations, etc.

6.7 Review the question papers set in the previous year examination(s), the reports of the evaluators on students' performance, and suggest remedial measures, if necessary, for improving the quality of the question papers and the students' performance.

6.8 Recommend panel of paper setters and examiners including practical and viva-voce examinations of the subject(s) concerned

6.9 Recommend subject experts, chosen from highly accredited universities / research institutions, as and when required, for nomination to the Selection Committees meant for appointment of faculty in the subject concerned.

6.10 Consider and offer its opinion / recommendation on any matter relating to the subject under its jurisdiction, and referred to it by the Vice-Chancellor / Board of Management / Academic Council / Dean.

RESEARCH FACILITIES

PHARMACEUTICAL SCIENCES RESEARCH LAB

S.No.	Equipment Name	Equipment ID	Justification
1	UV-Visible Spectrophotometer	TAU/AIPS/079	Quantitative analysis of pharmaceutical compounds, drug assays, and quality control testing. Fundamental instrument for pharmaceutical analysis and research.
2	Flame Photometer	TAU/AIPS/038	Quantitative analysis of alkali and alkaline earth metals in pharmaceutical samples. Essential for elemental analysis in drug quality control and pharmaceutical analysis.
3	Fluorimeter	TAU/AIPS/039	Fluorescence-based analysis for drug quantification, enzyme assays, and bioanalytical studies. Important for sensitive detection of pharmaceutical compounds and metabolites.
4	Ampoule Filling and Sealing Machine	TAU/AIPS/002	Essential for pharmaceutical manufacturing training and research in sterile product development. Required for hands-on learning of aseptic processing techniques and quality control in injectable formulations.
5	Tablet Coating Pan	TAU/AIPS/071	Film coating of tablets for taste masking, moisture protection, and controlled release applications. Important for pharmaceutical technology and formulation development.
6	Tablet Punching Machine	TAU/AIPS/075	Manufacturing of tablets for research and development purposes. Essential for pharmaceutical technology training and formulation optimization studies.
7	Tray Dryer	TAU/AIPS/077	Drying of pharmaceutical granules and materials in formulation development. Important for moisture removal and pharmaceutical manufacturing processes.

8	Homogenizer	TAU/AIPS/042	Preparation of emulsions, suspensions, and uniform dispersions in pharmaceutical formulations. Essential for particle size reduction and formulation development studies.
9	Tablet Disintegration Test Apparatus IP	TAU/AIPS/072	Quality control testing of tablets and capsules as per Indian Pharmacopoeia standards. Essential for pharmaceutical quality assurance and regulatory compliance.
10	Tablet Dissolution Test Apparatus IP	TAU/AIPS/073	In-vitro dissolution testing of solid dosage forms. Critical for bioequivalence studies, formulation development, and regulatory submissions.

Molecular Genetics Lab

S. No.	Equipment/Instrument	Justification
1	PCR Thermocycler	Essential for DNA amplification, gene cloning, mutation detection, and diagnostic applications. Required for all molecular biology research and clinical diagnostics.
2	Gel Electrophoresis Unit + Power Supply	Separation and analysis of DNA/RNA fragments by size. Fundamental technique for molecular cloning, PCR product analysis, and nucleic acid quality assessment.
3	Gel Documentation System (UV/Blue light)	Visualization and documentation of electrophoresis results. Essential for recording experimental data, publication purposes, and quality control.
4	Microcentrifuge (Bench-top, 14k-16k rpm)	Sample preparation, nucleic acid extraction, protein precipitation, and general laboratory processing. Required for daily laboratory operations.
5	Refrigerated High-Speed Centrifuge	Large volume sample processing, cell harvesting, protein purification, and subcellular fractionation. Necessary for advanced molecular biology techniques.
6	-20°C and -80°C Freezers	Long-term storage of samples, reagents, enzymes, and biological materials. Critical for sample preservation and maintaining laboratory inventory.
7	Biosafety Cabinet (Class II)	Containment of biological hazards, sterile sample handling, and protection of personnel and environment. Mandatory for safe laboratory practices.

REGISTRAR
The Apollo University
Murukambattu,Chittoor-517127.A.P.

8	Dry Bath Incubator/ Heating Block	Temperature-controlled incubation of samples, enzyme reactions, and molecular biology procedures. Required for optimal reaction conditions.
9	Vortex Mixer	Mixing of samples, reagents, and solutions. Basic equipment for sample preparation and homogenization in molecular biology protocols.
10	Micropipettes (single & multichannel)	Precise liquid handling for molecular biology applications. Fundamental tools for accurate pipetting and experimental reproducibility.
11	Nano Drop / Spectrophotometer	Quantification and quality assessment of nucleic acids and proteins. Essential for determining concentration and purity of samples.

Bioinformatics Lab

S. No.	Facilities	Justification
1	High-performance desktop computers (i7/i9/Ryzen, 32-64 GB RAM, SSDs, GPUs optional)	Computational analysis of large genomic datasets, sequence alignment, phylogenetic analysis, and complex bioinformatics algorithms requiring high processing power.
2	High-Storage Server (local or cloud-based)	Storage and management of large genomic datasets, databases, and research data. Essential for data backup, sharing, and collaborative research.
3	Linux OS or dual-boot systems (Ubuntu/RedHat)	Optimal operating system for bioinformatics tools and software. Many specialized bioinformatics applications are designed for Linux environments.
4	Software: BLAST, Clustal Omega, MEGA, Galaxy, GSEA, Cytoscape, R, Bioconductor, Ensembl tools, etc.	Comprehensive suite of bioinformatics tools for sequence analysis, phylogenetics, functional genomics, pathway analysis, and statistical computing.
5	External Hard Drives/NAS	Additional storage capacity for data backup, archival, and secure data management. Critical for data security and disaster recovery.
6	Monitors (dual screens per station)	Enhanced productivity and efficiency for bioinformatics analysis requiring multiple applications and data visualization simultaneously.

REGISTRAR

Machine Learning Lab

S. No.	Facilities	Justification
1	Workstations with NVIDIA RTX/Quadro GPUs	High-performance computing for machine learning model training, deep learning applications, and parallel processing of large datasets.
2	ML Frameworks: TensorFlow, PyTorch, Scikit-learn, XGBoost	Comprehensive machine learning and deep learning frameworks for model development, training, and deployment in biomedical applications.
3	Jupyter Notebook, Anaconda, VS Code	Integrated development environments for data science, machine learning programming, and collaborative research with reproducible workflows.
4	Cloud Access: Google Colab, AWS, Azure ML	Scalable computing resources for large-scale machine learning projects and access to specialized AI/ML services and pre-trained models.
5	Data Visualization Tools (Tableau, matplotlib, seaborn)	Creation of publication-quality visualizations, data exploration, and communication of research findings through interactive dashboards and plots.
6	Dataset Repository Access (NCBI GEO, TCGA, ENA, Kaggle)	Access to large-scale biomedical datasets for machine learning model training, validation, and comparative studies in genomics and healthcare.
7	Large Display & Smart Board	Collaborative data analysis, presentations, and interactive visualization of complex datasets and machine learning results for team discussions.

Inter-departmental Research (Inter-disciplinary)

INTER DISCIPLINARY RESEARCH

The Inter-Departmental Research programme comprises:

Collaborative research projects involving faculty from two or more departments.

Joint research in emerging areas such as drug delivery, pharmacogenomics, bioinformatics, molecular biology, precision medicine, digital health, artificial intelligence in healthcare, public health, clinical and behavioural sciences, and biomedical research. Joint development and submission of research proposals to national funding agencies. Sharing and optimal utilization of sophisticated research infrastructure, laboratories, equipment, databases, and technical expertise.

Joint publications in peer-reviewed national and international journals. Collaborative supervision and mentoring Ph.D. scholars.

Joint organization of research training programmes, workshops, seminars, conferences, and faculty development programmes. Development of intellectual property, patents, and consultancy. Industry, hospital, and external institutional collaborations for addressing real-world healthcare and research challenges. Generation of multidisciplinary research outputs with potential for innovation and societal impact.
