

AKC Champions Swachh Bharat Mission

AKC Campus has successfully conducted the **Swachhata Hi Seva Campaign 2025** from 20th September to 4th October, led collaboratively by the NSS units and student clubs across its constituent institutions. The series of impactful activities included a campus-wide cleanliness drive, plantation programs, and record weeding initiatives. A public cleaning drive at the DHH, Chittoor, and a flash mob at Children's Park inspired community participation and awareness.

Springer OA Assistance for AKC Researchers

AHERF has launched the Springer Nature Open Access APC Assistance Scheme, enabling researchers across the AKC campus to publish in global high-impact journals without incurring Article Processing Charges under the AHERF partnership. This initiative promotes the research ecosystem of the campus by opening access to quality international publishing.

Beyond Code and Circuits: The Power of Soft Skills

ACoN conducted a week-long NSS Special Health Camp from 23-29 October 2025 focusing on community health awareness and service. The camp had series of activities including health assessments, school health education, yoga sessions, a skit on mobile usage and geriatric care, Basic Life Support (BLS) training, vital checks etc.

Observation Days

National Physician Assistant Day 2025 was celebrated by AHS, SoHS, with sessions and student presentations. Graced by special invitees Ms. Gomathi Sundar, President of IAPA, and Prof. Dr. D. Jagadeshwaran, the talk inspired students with their perspectives on the evolving role of Physician Assistants in healthcare.

AHS, SoHS, observed **World Trauma Day 2025** with an awareness program with a keynote session by Dr. Ganesh, senior consultant, Apollo Hospitals, Chennai, practical trauma response demonstrations, and student presentations, emphasizing the importance of early intervention and emergency preparedness.

AHS organised **World Sight Day** through a hands-on workshop led by Dr. Ramesh S. CEO & Founder, NeuraSim and Dr. Gopinath Madeswaran, Founder & Lead Consultant, Opto Research Consultancy focusing on binocular vision, low-vision care, and the prevention of avoidable blindness. Building on the same academic collaboration, the SoHS in association with the Directorate of Research, also conducted the **FDP- Road Map for Academic Writing**, for research writing and publication skills among faculty and scholars.

New Genomics Research Facility Opens at AIMSR

The Genomics and Informatics Research Lab (GIRL) was inaugurated on 4th October 2025 at the Biochemistry Research Lab, AIMSR, by Vice Chancellor Dr. H. Vinod Bhat, in the presence of university leadership and faculty. The lab aims to strengthen the research in areas of genomic data interpretation and the molecular diagnostics, promoting innovation and inter-discipline collaboration across biomedical disciplines.
