Admission Policy

Overview

Propelled by the success of many educational initiatives, Apollo Hospitals Group has launched The Apollo University, a state-private university in Andhra Pradesh. It provides quality education to students and makes them 'life and career ready' with a specific focus on multidisciplinary education in Healthcare, Engineering, Management, Pharmacy and Social Sciences. The University was set up at Chittoor and commenced its operations in November 2021.

The University aims to create a conducive atmosphere beyond just learning, including hands-on learning and a research-intensive environment to make students Industry Ready. The Apollo University has been recognized as a Private University established under the Andhra Pradesh Private Universities (Establishment and Regulation) Act 2016. It has five Schools, namely the School of Technology (SoT), the School of Management (SoM), the School of Social Sciences (SoSS), the School of Health Sciences, and the Institute of Pharmaceutical Sciences.

A sound infrastructural setup enables all schools to ensure students' experiential learning. Moreover, the University has established academic associations with esteemed global universities such as UNSW and UoL to create a global learning environment for the students.

Vision:

The Apollo University aspires to create knowledge, global leaders and thought leadership for the future, preparing them for a constantly evolving world and empowering them to build a healthier and more equitable society.

Mission:

The Mission is to achieve this vision through transformative education developed at the intersection of healthcare, science, technology, and management, having roots in innovation & research, in an inclusive culture that fosters practical oriented knowledge, stimulates critical thinking and sustains our legacy of pioneering and excellence, for the benefit of humanity.

Strength:

- Experiential Learning
- Intellectual Rigour in academics
- Industry Connect
- Life Skills
- International Linkages
- Interdisciplinary Learning
- Work Integrated Programs

Experiential Learning:

- The Apollo University programmes emphasise cross-disciplinary learning, enabling students to explore diverse fields and expand their knowledge beyond their major study area.
- Practical, hands-on experience is a cornerstone of The Apollo University programmes, providing students with the skills and knowledge they need to succeed in the real world.
- The Apollo University programmes prioritise real-world implementation, allowing students to apply their learning to solve complex problems and positively impact society.

Intellectual Rigour in academics:

- The Apollo University emphasises intellectual rigour in academics, emphasising the importance of critical thinking and academic excellence.
- The university's curriculum challenges students to think deeply about complex issues and engage in rigorous analysis and inquiry.
- Through its commitment to intellectual rigour, The Apollo University strives to produce graduates who are well-equipped to succeed in their chosen fields and to make meaningful contributions to society.

Industry Connect:

- The Apollo University close engagements with the AHEL corporate hospitals provides valuable access to mentorship from accomplished AHEL doctors.
- The Apollo University and Aurobindo Pharma Limited have signed an MoU that will benefit both organisations on various levels, including training, internships and research.
- Microsoft and The Apollo University have signed an MoU to work together on their shared goals of empowering and skilling students to thrive in the digital economy.
- Google Cloud and The Apollo University have signed an MoU to offer training

Collaborations:

- In pursuit of making the vision of the TAU realized, TAU gives priority to collaborate with national and international institutions of repute. These collaborations will be in the areas of mutual interest which includes collaborative programs, summer internships, joint research, joint publications, joint conferences, faculty immersion programs and Guest lectures. Enhancing academics and research to elevate Apollo University to a world-class status is a top priority, and international collaborations play a pivotal role in achieving this goal. Partnerships have been established with esteemed institutions such as the University of Leicester, UNSW Sydney, MONASH University, ESIGELEC and others.

Life Skills:

- Life skills taught at the university include effective communication, time management, problem-solving, critical thinking, and leadership skills.
- Students have the opportunity to hone their talents through diverse clubs and societies, encouraging learning beyond textbooks.

International Linkages:

- For international linkages, partnerships included sharing resource materials and publications, consortiums on programs and training, collaborative research, cultural immersions, and international internships.

Interdisciplinary Learning:

- Interdisciplinary learning enables students to integrate ideas and concepts from various fields in order to evaluate a challenge or tackle a problem from diverse viewpoints.

- Interdisciplinary learning emphasizes the integration of concepts from different courses and modules during project or assignment work. It frequently revolves around participating in active, problem-based learning, discovering novel innovative solutions, and implementing them.

Admission Information:

Our programs across schools (Technology, Health Sciences, Management Pharmaceutical Sciences) facilitate cross-disciplinary learning, hands - on experience and real- world implementation skills and the ability to address unanswered questions.

S. No.	Program
School of Health Sciences	
1	B.Sc. Physician Assistant
2	B.Sc. Medical Lab Technology
3	B.Sc. Imaging Technology
4	B.Sc. Anaesthesiology and Operation Technology
5	B.Sc. Renal Dialysis Technology
6	B.Sc. Respiratory Technology
7	B.Sc. Emergency Medical Technology
8	Bachelor of Optometry
9	Bachelor of Occupational Therapy
10	Bachelor of Physiotherapy
11	B.Sc. Biotechnology
12	B.Sc. Genetics and Molecular Biology
13	B.Sc. Clinical Psychology
14	M.Sc. Clinical Psychology
15	Master of Public Health
16	Master of Physiotherapy
17	M.Sc. Health Informatics and Analytics
18	M.Sc. Medical Imaging Technology
19	M.Sc. Medical Bio-Technology
School of Technology	
20	B.Tech. CSE
21	B.Tech. CSE (AI&DS)
22	B.Tech. CSE (AI&ML)
23	B.Tech. CSE (Cyber Security)
24	B.Tech. Computer Engineering (Software Engineering)

25	B. Tech Cyber Security
26	B. Tech CSE (Cloud Computing)
27	M. Tech. VLSI Design and Embedded Systems
28	M. Tech Data Science
29	M. Tech Computer Science and Engineering
School of Management	
30	MBA Hospital and Healthcare Management
Apollo Institute of Pharmaceutical Sciences	
31	B. Pharmacy
